PEACE CONFERENCE MAKING PROGRESS

More Advances Made in Last Twenty-Four Hours Than During Previous Two Weeks

AMENDMENT IS ADOPTED

Which Provides That the Monroe Doctrine Will Not be Affected by Any Provisions

(By United Press)

Paris, April 11.—The Big Four today considered a proposal for selling food to Russia, it was learned from reliable sources. What decision was reached if any could not be ascertained.

SOLDIERS IN RUSSIA CANNOT RETURN NOW

Despite the Unrest in the Archangel Region They Cannot be Transported at Present

ICE IS BLOCKING PASSAGE

(By United Press)

Washington, April 11.—General staff officers reiterated General March's recent declaration that American forces in Northern Russia are perfectly safe and able to hold their own against Bolshevik attacks.

Despite the unrest in the Archangel region, it was stated, it is physically impossible to bring the troops home earlier than announced because of the ice.

What disposition will be made of the men who mutinied March 30 and refused to fight, officers were unable to say. Technically the offense is a grave one. In this case, however, it is pointed out there is difficulty in applying the usual punishment in such an offense, because opinion seems to be with the men.

The Bolsheviks reports here indicate they are poorly equipped, and even though the allied troops are overwhelmed in numbers, they could hold out indefinitely with their superior equipment.

Delegates considered removing about 30,000 loyal Russians and leaving the rest for Bolshevism.

CASE OF KING VERSUS GLAZIER BEING TRIED

In Circuit Court Today Which Came To This County From Connersville on a Change of Venue

ASKING FOR \$175 DAMAGES

The case of King vs. Glazier which came on a change of venue from Connersville is being tried in the circuit court today. John A. King and John Moffett, who own a livery stable in Connersville and buy and sell horses, are suing Joe and William Glazier for \$175 alleging damages done while the defendants had rented a team of horses and wagon over a year ago. While the team and wagon were standing near the railroad track, while the defendants, who are junk dealers now of Anderson and formerly of Connersville, were loading junk, the team ran off, killing one horse, and damaging the wagon and harness.

The plaintiffs are represented by Judge Douglas Morris of this city and Lon Conner of Connersville. G. E. Johnson of Connersville, Chauncy Duncan of this city and Walter Vermilion of Anderson represent the defendants.

The jury hearing the case is composed of J. A. Jones, Oliver Offutt, Walter Barnes, Rufus Rhodes, John L. Clark, Albert Reddick, Grant Miller, Chester Cross, Elmer Hungerford, Ora B. Smith, Frank Cross and Arthur P. Havens.

STORM KILLED 92 PEOPLE

Blizzard Also Injures 300—Damage Placed at \$1,000,000

Dallas, Tex., April 10.—Ninety-two persons killed, approximately 300 injured, and property damage estimated at nearly \$1,000,000, was the toll of Tuesday night's storm that swept a portion of Arkansas, north Texas and southern Oklahoma, according to revised and virtually complete reports here. Of the dead seventy-five persons were killed in Texas, fourteen in Oklahoma and three in Arkansas. Previous reports that eight lives were lost at Ravenna, Tex., proved unfounded.

APPEALS A PROVOKE CASE

Mrs. John Ellerman / Fined \$1 and Costs by Squire Stech

Mrs. Oma Ellerman, wife of John Ellerman, was fined \$1 and costs for provoke by Squire J. P. Stech yesterday evening and appealed the case to the circuit court, after a hearing which lasted all afternoon. The prosecuting witness was her brother-in-law, Victor Ellerman, who was fined \$1 and costs by Squire Stech last Monday on a charge of assault and battery. Mrs. Oma Ellerman filed the affidavit against him and Ellerman's reply was an affidavit against her, charging that she provoked him.

SOLDIERS IN RUSSIA CANNOT RETURN NOW

CELEBRATION FOR OPENING OF DRIVE

Observance of Beginning of Loan Campaign Urged Since Tank Will be Here Then

COMMITTEE IS APPOINTED

Township Workers Are Urgently Requested to Attend Conference Here Tuesday

Because the whippet tank, which is making a tour of Indiana in the interests of the Victory loan, has been assigned to Rushville on Monday, April 21, the day on which the campaign officially opens, the local committee will make an effort to mark the day with a special celebration of some sort. It is regarded as fortunate that the schedule of the tank calls for its visit here on the opening of the loan drive and it is believed that Rush county should celebrate the occasion in some manner.

The tank is a bigger curiosity than an airplane because very few people have seen this modern instrument of war which was developed during the late conflict. But it is believed that merely the tank in itself would not be enough to mark the opening of the loan campaign and that some local arrangements should be made to observe the event fittingly.

With this end in view, a committee composed of Will M. Bliss, Jack Knecht, Paul Allen, Supt. J. H. Scholl and H. S. Havens has been appointed to discuss the advisability of holding a Liberty Loan parade, headed by the tank, on the opening of the campaign. It is declared by many in favor of such a project that the Victory loan could very well be the subject of many attractive floats and that school children could also participate in the celebration. This committee will soon meet and determine on what course shall be pursued.

Others cling to the belief that the visit of the tank in itself would be an event of sufficient importance to mark the opening of the campaign and that a parade of any sort would be unnecessary. They point out that most people will want to see the tank and examine it, and that it will be the center of attraction to the exclusion of whatever local arrangements might be made.

The formation of a thorough-going organization to canvass the county is going forward rapidly and old workers who have made records in the sale of Liberty bonds in the past are preparing to get back into the harness. There is every indication that the organization for the Fifth Liberty loan will be better than that of any other loan.

Letters are being sent out to township chairmen and their lieutenants, together with district solicitors, calling on them to be sure and be present at the conference of loan workers here next Tuesday afternoon at 1:30 o'clock at the sheriff's office in the court house. Every canvasser who can possibly attend is urgently requested to do so in order that they may get in touch with the plans for the canvass. The letters issuing the call to workers are being sent out by T. M. Green, county sales director, and are as follows:

The time is at hand when the organization for the selling of the six billion dollar Victory Loan Bonds must be completed. While it is a busy time for every one and possibly the conditions are not the most favorable for the placing of a great popular loan yet we should not let this deter us from our duty, but rather challenge and stimulate us to greater effort.

The need is as urgent as ever.

EFFORT TO CHANGE LAW IS GOOD NEWS

Attempt to Straighten Out Tangle in County Unit Road Statute is Applauded Here

VOID IN ITS PRESENT FORM

Many Are Concerned About Outcome of Eleven Petitions if it is Held Unconstitutional

The news that Governor Goodrich may call a special session of the legislature or may adopt some other means to straighten out the tangle in the county unit road law, was received as welcome news here because already eleven petitions have been filed before the county board of commissioners under the law, and many were wondering what would be the fate of these proposed roads if the mistakes in the statute were not corrected.

Many attorneys argue that the law is invalid as it stands because some amendments, notably the one requiring trustees to continue to look after township roads, do not appear in the measure which was signed by the governor. It is said that these "losers" amendments were not engrossed with the bill when it was sent to the governor for his signature.

The law has caused no end of trouble. It requires the trustees to pay over to the county commissioners all the money they have in their free gravel road maintenance funds and takes from them all jurisdiction over roads, when their salaries were raised by the legislature of 1917 for the specific purpose of adequately compensating them for their work in taking care of the roads. The amendment which never got into the bill which was signed, would have corrected this evil because it specified that the trustees should continue to look after their roads and nullified the provision for the trustees to turn their road funds over to the commissioners.

Gilbert Hendren, chief of the state board of accounts, sought to overcome the difficulty by advising the county commissioners to delegate the trustees to continue to care for the roads in their townships, but this majority of trustees will not do because the law does not provide that they shall.

To overcome the difficulty, Governor Goodrich is said to have proposed to the officials that the county unit law be re-enrolled to include the lost amendments and that the re-enrolled bill be signed by the president of the senate, the Speaker of the house, the Governor, and again be referred to the state board of accounts for its receipt. It is believed that the bill will be signed by the president of the senate, the Speaker of the house, the Governor, and again be referred to the state board of accounts for its receipt.

The officials, however, are not quite sure that they can find legal basis for such an unusual procedure and are looking up the law and considering the general effect likely to result from such action.

Governor Goodrich is preparing to issue a public statement in event such action is taken. He will outline the situation and how steps are to be taken to remedy it.

The supreme court of Indiana is said to have held that the courts can not go back on enrolled bills. However, the present supreme court could reverse the former ruling. In fact, it is reported that if the Governor decides not to have the bill enrolled a suit will be started to bring about such a reversal.

It is reported also that even if the court will not go back of the enrolled bill, a re-enrolled bill might be substituted and the court have no judicial knowledge as to which is the real enrolled bill. It was pointed out that in such event, if the state officials repudiate in the courts the enrolled bill and declare the re-enrolled bill to be the real enactment of the

TRAINMEN GET INCREASE

Under the Direction of Director General Hines.

Washington, April 11—Train and engine men on lines of the national railway today were granted another increase in wages by director general Hines.

The order affects more than 400,000 employees and the increases of retro-active to January 1. Claims of the employees time and a half for overtime in road service was reached by the bi-partisan board for decision.

Hines gave the four big brotherhood increases ranging from \$15 to \$35.30 for men paid by the month and from \$1.31 to \$1.53 for men paid on a day basis, over their 1917 wage scale.

RUSHVILLE MEN HOLD A REUNION IN PARIS

Private John Kennedy Meets Harvey Allen by Chance and Meeting With Others is Arranged

ON FIRST LEAVE OF ABSENCE

Harvey D. Allen, former clerk in the Rushville post office who has been in France for several months in the United States postal service, describes a reunion of Rushville men in Paris, in a letter to Lon Kennedy, a brother of John Kennedy, who was one of the quartet who enjoyed the occasion.

Private Kennedy had never had a leave of absence from his regiment, the 354th Infantry of the 89th division, and recently obtained a fourteen-day leave to visit Capt. W. S. Coleman, a Rushville physician, who was stationed at Tours, France. Private Kennedy's outfit at that time was stationed at Treves, Germany. On his way to Tours he went through Paris and met Mr. Allen. A meeting was then arranged with Captain John H. Kiplinger, who is with the army of occupation, and Clifford S. Lee, former Rushville newspaper man who is in France as a representative of the United States treasury and incidentally is writing some good stories from France for Indiana newspapers. The four enjoyed supper together and a good show afterwards.

PAY CAR MAKES ITS LAST TRIP OVER ROAD

Pennsylvania Employees Will be Paid by Check Instead of the Former Custom of Using Car

WILL SAVE MUCH EXPENSE

The Pennsylvania pay car made Rushville for the last time this week. Ordinarily the coming of the pay car is of little interest, except to those who receive their pay from it, but this visit was of particular interest as this is the last trip it will make here.

The Pennsylvania Railway announced that with this trip of the pay car that method of paying will be abandoned. Instead of receiving the cash as was heretofore the custom, the employees will receive their pay by check, which will be mailed to the officials of this city and then will be distributed to the employees. The pay car is an old institution that has been in existence as long as any of the oldest employees can remember.

The company in its announcement that the pay car will be discontinued, urges its employees to start bank accounts that they may get their pay checks cashed at the banks.

SCHOOL COUNT IS BEGUN IN COUNTY

Enumeration of All Persons Between 6 and 21 Years of Age Must be Finished by May 1

COUNT OF VOTERS ALSO MADE

Although Law Which Requires it is Out of Date, Task Must be Performed Every 6 Years

The enumeration of persons of school age, of voters and soldiers and sailors of all wars, began in Rush county yesterday. The annual count of the former, which must be completed by the first of May, is of great importance because it is upon this enumeration that the funds are distributed for the maintenance of school work.

The township trustees supervise the enumeration in the townships and in cities and incorporated towns the school boards have this work in charge. Miss Ruby Sparks, a high school student, has been retained by the Rushville school board to take the enumeration here this year. Not only children who are in school are counted, but all those who are of school age, which the law fixes as between six and twenty-one years. It is essential that an accurate count be made and all people are urged to co-operate with the enumerators.

Heretofore the township trustees have merely supervised the school enumeration, but this year it is regarded as a part of their regular duties and they will not receive extra compensation for the work. In the past they have been additional pay, but the state board of accounts has ruled that the new salary law precludes them from any extra allowance.

The enumeration of voters, which is also in charge of the trustees and which, according to an old Indiana law, must take place every six years, is generally believed to be useless and unnecessary because of the modern methods of keeping a check on the voting population by means of the voters registration law.

There has been some discussion as to whether or not the law actually requires the enumeration of voters, but a ruling of the state board of accounts says that it is mandatory. The law requires that the trustees shall supervise the count of voters and specifies that they shall be paid a certain sum in addition to their regular compensation if they actually do the work. But in 1917 another law was passed which states that the township trustees shall not receive any other pay except that which is provided as salary in the law. The voters enumeration law also provides that when necessary, the trustees may employ assistants to take the count, which is to be completed between the first of January and the first of July.

The majority of the trustees in

TRYING TO CHANGE LAW

In Order to Avoid a Special Session of Legislature

(By United Press)

Indianapolis, April 11.—Attorney General Stansbury today is trying to find a way to correct the county unit road law and avoid a special session of the legislature.

Governor Goodrich maintained his belief that a special session is virtually assured to insert amendments which was adopted by the legislature and omitted in the enrolling room before the bill was sent to the Governor. There will be a conference of state officials to decide definitely on this question.

Henry Warner at Mystic

In "Kiss or Kill," featuring Henry Warner comes to the Mystic theatre tonight the scenes presented are said to be the most thrilling and yet appealing yet shown on the screen.

He was being pursued by the police. In his pocket was a large wallet that had belonged to a prosperous-looking individual only a few minutes before. He had not wanted to steal; he hated to be considered a thief. But he had been hungry and his landlady had threatened to evict him, and he still was feeling the effects of a wound which had brought about his discharge from the Canadian Expeditionary Forces in France.

Suddenly he thought of a trick employed by crooks in escaping the law. It had been demonstrated to him by a noted criminal who had fought shoulder to shoulder with him against the Huns. He flattened himself against a door and the police dashed by without seeing him.

The door yielded and Henry Warner found himself in the home of Old Man Middleton. His experience had unnerved him and he was for going out and giving himself up, but he knew such a course meant a long jail term. In such a mental condition he yielded to a proposition by Old Man Middleton that he undertake a dangerous mission.

Tomorrow "One Dollar Bid," by Thomas J. Geraghty, formerly of this city will be shown.

"The Squaw Man" at Princess

Cecil B. DeMille's "The Squaw Man," was shown at the Princess theatre last night and will be shown again tonight.

All of Mr. DeMille's pictures are "difficult" because they must be as nearly perfect as skill, application, art and industry can make them. And anything that is worth while usually presents difficulties. As far

as that goes, every Artaught or Paramount picture is "difficult." There is no haphazard method employed in their making. They must measure up to a standard and that standard is constantly being advanced.

"The Squaw Man," however, may have presented greater problems than the majority, because it is a production of greater magnitude, with a large cast of unusual calibre, with the necessity for striking sets and wonderful exterior scenes, and with an attention to detail, technical and artistic, that meant hours of study over many scenes and much preparatory work.

Saturday Corrine Griffith will be shown in "The Adventure Ship."

PEACE CONFERENCE

MAKING PROGRAM

Continued from Page One on record their disapproval of what they regard as deliberate evasion of their rights.

Berlin, April 11—Wurzburg has been captured and Munich entirely surrounded by forces of the deposed socialist government, according to advices received here today.

After retreating from Nuremberg to Bamberg, Premier Hoffman of

Bavaria and several of his ministers are reported to have succeeded in rallying an anti-Soviet government consisting of soldiers, workmen and students. A large force retook Wurzburg from the Bolsheviks after a brief encounter yesterday. Most of the Soviet official soldiers are said to have surrendered.

Another force has surrounded Munich, completely isolating it.

The General strike in Saxony and the Ruhr districts is reported to be growing, but the government has succeeded in regaining control of the situation in the capitol of Saxony. Street fighting in that city resulted in heavy casualties.

The situation in Berlin is tense. The city is quiet, however, under the seige conditions, directed by war minister Noske.

SPECIAL SERVICE AT GOWDY

The Rev. Mr. Nelson of Indianapolis will give an illustrated lecture at the Ebenezer church in Gowdy, Sunday night.

PARIS—The Chamber is considering a bill enabling relatives of the 314,000 missing French soldiers to presume death if no news is received within 2½ years of the signing of peace. Widows may remarry.

Mrs. Hal Green, who is taking treatment in Newcastle, as the result of a fall a few days ago, is reported to be in an improving condition.

George B. Moore, Jr., clerk of the circuit court, has recovered from an attack of the mumps and was back on duty in the office again today.

The Missionary Society, of the First Presbyterian church, will have an exchange, Saturday April 26, in the Singer Sewing Machine room, in West Second street.

Born to the wife of Lieutenant Ivan Coyne an eight-pound baby girl. The baby has been named Rosemary. Mrs. Coyne was formerly Miss Marie Talbert of Morristown.

Miss Charlotte Norris who has been suffering from the influenza for the last few days is reported to have developed pneumonia. Her condition is reported as hopeful however.

Born to the wife of Wesley J. Kelley, Thursday, April 10, a seven and one-half pound boy. The baby has been named Wesley John Jr. Mrs. Kelley was formerly Miss Margaret Gray.

SCHOOL COUNT IS
BEGUN IN COUNTYContinued from Page One
Rush county will count the voters in their township as they take the school enumeration, but those who do not perform this task given the right, according to an opinion from the state board of accounts, to employ an assistant to do it.

The voter enumeration law was enacted by the legislature in 1865 when a great deal of attention was devoted to population. The law provided that only the white male voting population should be included in the county. The first enumeration under the law was taken in 1866 and the second in 1871. The count has been made every six years since

that time. The names and ages of the voters must be recorded, the law provides, and the trustees are then required to arrange the names in alphabetical order in a separate book and file them with the county auditor who must file a summary with the state auditor before September 1 of the year in which the enumeration is made. For ten years only white voters were enumerated but in 1877 the law was amended to

include colored voters.

The enumeration is of no value

now as the apportionment of con-

gressmen is made according to the

vote cast in the preceding election

before the apportionment is made. So far as known here the enumeration figures are not used now and become merely public records.

? F. B. H. F. ?

A lot of people class hogs with buzzards and vultures—seavengers. These two birds fly high. Hog prices are flying high. While your swine are "seavenging," push 'em along with a bone building feed—FAT BACK HOG FEED. They will then stand shipping. Cripples do not bring average market prices.

Agriculturists used to poke fun at fertilizers, but no more. So with Balanced Rations for hogs, one makes, the other saves feed, therefore money. Fat Back will market your porkers quickly. Get in on the high price market.

How the Canneries Canned.

When with our entry into the war the government called for more foods, how did the country respond?

Our farmers, always patriotic, raised more vegetables than ever, and the canning plants took care of them. They formed the link between the production of the farmer and the needs of the government.

The amounts which the government required for the army were stated in terms of millions of cans.

For instance, the 1918 tomato pack was 480 million cans, of which the government took 45 percent. In order to produce this quantity the canning plants put in many improvements which conserved labor and increased output.

And when the harvesting of the tomatoes outrun the farmers' possibilities, in many localities townspeople

**Don't Cough Until Weak**

Tired out and weakened with persistent coughing, elderly people are in no condition to resist disease, and can not easily ward off more serious sickness.

FOLEY'S HONEY-TAR
helps coughs quickly. It brings quick relief from day and night coughs, whether they result from cold, laryngitis, bronchial affection or tickling throat.

Mrs. Mary Kirby, an elderly lady of Spokane, Wash., 3533 Princeton Ave., writes: "I was sick in bed with laryngitis and had a very bad cough. I tried it and tried it, and then I took Foley's Honey-Tar, which began taking it. It stopped my cough, and I got better. So now I am round the house again. I am 75 years old, and as long as I live will praise Foley's Honey and Tar."

F. B. JOHNSON

ple turned in and helped save the crop.

Wisconsin is the region for peas, and produced the greater part of the 1918 pack of 288 million cans, of which the government took 25 percent. The amount of corn canned was nearly the same, and the government took a like proportion.

Canned baked beans and canned fruit were produced in quantities and the fish canneries ran day and night.

Farmers and canners must work equally hard this year, for after the army demobilized the starving nations of Europe will require all that we can pare for them.

And the People Pay.

The expected has happened: a twenty per cent increase in telegraph rates has been inaugurated by Political Master General Burleson, who gives as his reason the increase in wages ordered by him some months ago. This increase was wholly unsatisfactory to the operators themselves, who have ordered a referendum on the question of a general strike for higher wages. Not long ago Burleson stated it was not practicable to grant higher increases because of the income of the companies. Now he makes the statement that an increased charge of 20 percent over the old rates is necessary to pay advances already given, which gives a clear intimation that any further increase in wages will be followed by further increase in rates. And so it goes. The service deteriorates as the wages increase, and the public meets the bills. Under private ownership, while wage increase would necessarily be made, we could depend upon efficient handling of the business together with such efficiencies and economies in the business together with such efficiencies and economies in overhead expenses as might make it unnecessary to raise the rates. But, thank God! the day of the dictators has about run its course.

We must remember that the peace conference has had very little previous experience in making peace treaties.

The Russians are keeping Lent with no prospect of its ending at Easter.

And the cheapest and most plentiful things in Russia are Bolshevism and death.

Sap and Salt

By BERT MOSES

When a girl doesn't know what else to do, she fusses with her hair.

The income tax does two things: It collects money and it creates liars.

People who run out of things to kick about can always fall back on their coal bills.

Give a man something for nothing, and he will always ask for more on the same terms.

Hez Heck says: "When it comes to reforming women's bathing suits the unlit plan won't work."

Sleep is an inspiring subject to poets, but none of them seem to say much about snoring.

Sons and daughter who have everything done for them seldom do much of anything for themselves.

the bill with the amendments actually is the law.

If the Governor decides not to go on with such a case because of scant legal basis, it is said that he will figure on the cost of a special session of the legislature to iron out the complications.

A one-day session of the legislature to iron out more than \$10,000. As it is, it has been estimated that the lack of harmony between the Beardsley law and the county unit law will cost taxpayers between \$100,000 and \$150,000 a year.

Digest of New Indiana Laws

By Charles Kettleborough.

FREE EMPLOYMENT—The free employment service law became effective on March 15. The work is in charge of a board of seven members known as an employment commission appointed by the governor, two of whom represent employees, two represent employers, two represent the state at large and the director who is to be a trained and experienced man. The employment commission is divided into a men's, woman's, farm labor, soldiers and sailors' and union sections. It is the duty of the employment commission to conduct free employment offices throughout the state, to adopt means to avoid unemployment, to extend vocational guidance, to help rehabilitation of soldiers and to cooperate with cities and towns and the federal government in carrying on the work of employment.

The Russians are keeping Lent with no prospect of its ending at Easter.

And the cheapest and most plentiful things in Russia are Bolshevism and death.

Wednesday Lenten services at 7:30 p. m., Holy Thursday, Mass at 8 a. m. Evening Prayer 8 p. m. Good Friday, Mass at 8 a. m., Way of the Cross, 3:00 p. m. Chanting of the Lamentations at 7:30 p. m. Holy Saturday, services begin at 7:30 a. m., Mass at 9.

+The First United Presbyterian church services: Bible school at 9:30, B. L. Trabue superintendent. There will be morning worship at 10:45. At this hour the congregation will be addressed by Mr. E. A. Miles representing the Indiana Anti-Saloon League. The Young People will meet at 7 o'clock. Leader Ota Hoekersmith. There will be preaching at 8 o'clock. Subject, "Aaron's Excuse for Israel's Sin at Sinai." Congregational prayer meeting Thursday evening at 7:30.

+St. Paul's Methodist Episcopal church—Sunday school at 9:30. Sunday will be Field Day for the State Anti-Saloon League in Rush County. At the morning service the pulpit will be occupied by the Rev. E. S. Shumaker, D. D., of Indianapolis, who is State Superintendent of the Anti-Saloon League and a very forceful and convincing speaker. Junior League at 2:30 p. m. In the evening at 7:30 a Union service of the Epworth League and the church will be held in the church auditorium honoring Miss Hazel Bennett, Red Cross Nurse, lately returned from France. A most interesting program has been arranged at which Miss Bennett will relate her experiences in the late war. Following the service a reception and social hour in her honor will be conducted by the Epworth League. Everybody is invited to attend all these services.

How Much Water**DO YOU USE ON THE FARM?**

How do you get it and what does it cost you in time and operative expense?

The average daily consumption of water on the farm is about as follows:

Each person	10 gals.	4 persons	40 gals.
Cattle per head	9 gals.	50 cattle	450 gals.
Horses per head	8 gals.	8 horses	64 gals.
Hogs per head	2 gals.	250 hogs	500 gals.
Total	29 gals.		1054 gals.

A DELCO-LIGHT WATER SYSTEM, pumping 350 gallons per hour, will pump this water in 3 hours' time at a cost of about 2c per day; 20c per week; \$10.40 per year. Water controlled by a float valve located in each water tank. No attention needed.

NOTICE

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

In the Matter of the Petition of Samuel D. Kirkpatrick et al. for the Improvement of a Highway under the County Unit Road Act, in Rush County, Indiana.

Notice is hereby given. That a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, and praying for the improvement of a highway wholly in said County, was filed in the office of the Auditor of said County on the 3rd day of April, 1919, and the said Auditor then and there designated by endorsement thereon the 26th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition, as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an Act of the General Assembly of the State of Indiana, approved March 11, 1919, known as the County Unit Law, that the matter to be considered at such hearing is whether said petition is due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor in accordance with the provisions of said act; that the beginning, course and terminus of the proposed road and improvements are as follows:

Beginning at the southwest corner of Section 20, Township 14 North, Range 10 East, said point being the northern terminus of what is known as the John H. Power et al. proposed improved concrete highway, and running thence north over an existing highway on the line dividing Sections 19 and 20, 18 and 17, and 7 and 8, to the northwest corner of the west half of the southwest quarter of Section 8, Township 14 North, Range 10 East; thence west along and over existing highway on the line dividing the east half of the northeast quarter of Section 7, Township 14 North, Range 10 East, from the east half of the southeast quarter of Section 7, thence north over existing highway to the north line of said Section 7, thence west along existing highway to the north line of said Section 7, to the middle line of said section, north and south, thence north over existing highway on the middle line of Section 6, Township 14 North, Range 10 East, and Sections 31, 30 and 19 to the north line of said Section 19, all in Township 15 North, Range aforesaid, said last named point being at a point in said highway known as "Center." Thence north over existing highway on the center line of Section 7, about one-third the distance across said Section 7, said Sections 7 and 18 being in Township 15 North, Range 10 East, thence in a northwesterly and westerly direction to the west line of said section 7, along an existing highway, thence north along an existing highway on the west line of said Sections 7 and 6, Township 15 and Range aforesaid, to the northwest corner of the said Section 6 and to the County line running between the Counties of Rush and Henry, State of Indiana.

That said petitioners recommend that the highway be made forty feet in width, that said highway, throughout the course of the proposed improvement, be paved with cement, or bituminous concrete, to the width of eighteen feet, with sufficient kerbs and ditches at each side thereof, and with such culverts and bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 26th day of April, 1919, at 10 o'clock in the forenoon or as soon thereafter as the same can be heard, at a regular session of said Board at its office in the Court House of said County, the said petition will be presented to said Board and a hearing had thereon, and that any interested party may appear at such hearing and show cause why the re-

quest prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said county, have signed the above and foregoing notice and affixed thereto the seal of said county, this, the 4th day of April, 1919.

(Seal) WM. H. McMILLIN,
Apr-11 Auditor Rush County, Ind.

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush county, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway, as follows, in the town of Rush county by grading, draining, and paving with crushed stone, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 26th day of April, 1919.

Bids or proposals will be received up to two o'clock p. m. on said date.

The said road to be improved is located in Richland township, in Rush county, Indiana, and is to be known as the Gabe Hildreth road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work, the sureties or personal shall be a resident of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract for the performance of such work.

The board of commissioners or to carry out the same in any particular or to pay to any labor or material which may have been furnished to any such contractor or contractors or to any subcontractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected. The board of commissioners reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County WM. H. McMillin, Auditor.

EARL E. OSBORNE,

Apr-11-18 City Clerk.

METHOD OF TREATING OAT SMUT AVAILABLE

May be had by calling at the Office of Marion Detrick, Rush County Agent.

DRY METHOD BELIEVED BEST

Cards giving the methods of treating oats for smut by both the wet and dry method can be had by calling at the county Agent's office. During the past year the dry method was used with great success.

"This method is to be highly recommended because of the simplicity and ease of the treatment", according to Marion Detrick. "The dry method consists in spraying one pint of 40 per cent formaldehyde which has been mixed with one pint of water on 50 bushels of oats with a small hand atomizer sprayer, and covering the oats for five hours with sacks, blankets or canvass. The oats must be shoveled over as the spray is applied to make sure that the formaldehyde is distributed through the oats. After the oats are uncovered, they are spread out to permit the escape of the formaldehyde gas.

"On the average 12 percent of the oats are lost by smut. In other words by treating the seed the yield can be increased by approximately 5 bushels per acre.

"The cost of treatment including labor should not exceed 7 cents per acre. No greater profits can be made on the farm than by treating oats for smut, unless it is testing seed contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County WM. H. McMillin, Auditor.

Impoverished Blood

Here's Proof That Vinol Enriches
The Blood

Bradford, Pa.—I have used Vinol for impoverished blood. I was broken out with a rash and rundown so it was hard for me to keep about my work. After trying Beef, Iron and Wine and other medicines without benefit Vinol enriched my blood and improved my condition very rapidly.—Rose Lasky.

There is no secret about Vinol. It owes its success in such cases to beef, and cod liver peptones, iron and managene peptones and glycerophosphates, the oldest and most famous body building and strength-creating tonics. F. B. Johnson & Co., Druggists, and Drugists Everywhere.

P. S.—For pimples and blotches try Saxon Salve. Money back if it fails.—(Adv.)

Mrs. Walter Hubbard was hostess for the Thursday Afternoon Bridge club yesterday afternoon at her home in West Second street. The guests spent the afternoon over the card tables and at the close of the playing the hostess served a delicious luncheon.

* * *

Nineteen members of the Industrial club met yesterday afternoon at the home of Mrs. Ella Higgs, in West Second street. The afternoon was spent in making quilts and light refreshments were served by the hostess at a late hour. The next meeting will be held the second Thursday in May at the home of Mrs. Ed Short.

* * *

Mrs. Otis Bitner was hostess for the Needlework club Wednesday afternoon at her home north of Ra-

leigh. The afternoon was spent socially over the various needlework at the close of which dainty refreshments were served. The next meeting will be held at the home of Mrs. John Crayton, north of Falmouth, on Wednesday afternoon, April 23.

* * *

One of the most instructive meetings of the Woman's Home Missionary Society of the M. E. church was held yesterday afternoon at the home of Mrs. Herbert Flint in North Perkins street. The subjects for discussion were "What to do With Our Money" and "Our Pledge." Papers on this subject were read by Mrs. Flint, Mrs. E. B. Poundstone and Mrs. John Jordan. At the close of the afternoon the hostess served light refreshments.

* * *

The C. W. B. M. of Sexton met with Mrs. Ida Winkler with Mrs. John Weiss as leader, yesterday afternoon. The program was as follows: Scripture reading and prayer by leader; bible study, Mrs. Orville Porter; reading by Mrs. Grace Winkler; prayer, Mrs. Fred Oldham; hidden answers, Mrs. Carroll Clifton. There were five members present and seven visitors. Light refreshments were served at the close of the meeting.

* * *

Mrs. Albert Winship entertained the members of the Happy-Go-Lucky club and several guests yesterday afternoon at her home in North Main street. The afternoon was spent socially and a dainty luncheon was served to the members that were present and the following guests: Mrs. Bert Mullin, Mrs. Chase Mauzy, Mrs. John Morris, Mrs. Fred Beale, Miss Lucy Inlow, Mrs. Emma Taft, Mrs. Sallie Guffin, Mrs. Happy Dill, Mrs. Lon Haydon, Mr. and Mrs. Lawrence Miller, Mr. and Mrs. Willard Amos, Mr. and Mrs. Bert Davidson, Mr. and Mrs. Vincent Young, Melvin Moore and Mrs. Eunice Moore.

* * *

The Ladies Musical held their regular monthly meeting yesterday afternoon at the M. E. church, with Mrs. Albert Aldridge and Mrs. Joe Clark as leaders. The program, which consisted of English and Italian Music, was as follows: Piano solo, "Spring Song," by Sinding, Anna Poundstone; violin solo, (a) "Scherzo" by Goens, (b) "Indian Lament" by Dvorak-Kriesler, Leona

Here

It's high
time to
replenish
the
wardrobe

There is an unusual demand for gala clothes, even so early in the Spring—the old coats are gone forever.

The spic and span suits are the things—suits that are widely different—they're naive, they're suave. Fashion demands that every woman should have a wrap this season, and we are ready to place before you an assortment quite correct.

With all bans removed, designers have brought out the prettiest suits in years. Come in, try them on and make your selection.

Our Special Prices on Rugs are taking the community by storm. It is a good plan not to buy elsewhere until you see the bargains this week's sale offers.

E.R. Casady
RUSHVILLE, INDIANA

"The intimate article of dress known as the corset which the majority of women wear but know very little about"

Alice S. Cutler, M. D.

IN this pertinent way the well-known medical authority, Alice S. Cutler, M. D., describes the most important garment in the wardrobe of women.

"Buy your corset carefully," warns Dr. Cutler. "No one wants to be ill, and when women realize that the constant wearing of an ill-fitting corset helps to keep our hospitals open they will insist on being properly fitted to corsets instead of buying them hit or miss."

We unreservedly recommend Gossard Corsets, the original front-lacing corsets, as the complete expression of modern corsetry. Every Gossard Corset is hygienically correct. If properly fitted to the figure for which it was designed, and carefully adjusted each time it is worn, it will mould that

Gossard
CORSETS
They Lace In Front

figure to the ideal proportions of its type. It will give a priceless all-day comfort. It will safeguard the wearer against those bodily ailments that are often the result of improper corsetry. It will render a wearing service that alone is worth the price paid for the garment.

If possible, the new Spring and Summer Gossards are superior to those of the past season, which were generally acknowledged to be without equal in meeting the needs of active womanhood from the standpoint of comfort, hygiene, wear and figure improvement.

Our highly specialized fitted service reflects our sincere appreciation of the important relation a correctly fitted corset bears to your health, and to that perfect figure poise that gives the elusive charm of style.

Ruptured 21 Years
Finds Relief At Last

This is the experience of Mr. Theo. C. Jarvis, 320 W. Fifth St., Rushville, Ind., well known Interior Decorator. Mr. Jarvis had tried every kind of truss he could hear of without the slightest benefit. His double rupture became steadily worse. Finally he found something that really helped him, something that promises speedy relief. He feels so grateful that he wants every ruptured person to know about his discovery. Mr. Jarvis has nothing to sell. He simply wants to help other sufferers. Call at his home or write him and he will gladly give you the benefit of his experience and will not charge you a penny.

DISORDERS of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

RED CROSSERS ARE READY FOR A SEIGE

Revolution Can't Starve out the
American Red Cross Workers in
Berlin.

PREPARED FOR EMERGENCY.

Berlin, Mar. 20. (By Mail.)—A revolution can't starve out the American Red Cross workers in Berlin. They are prepared for any emergency that will not last over a week or ten days. In Berlin revolutions do not last longer than that.

The Red Cross mission, made up of both men and women, is headed by Col. Carl Taylor of New York, and was sent to Berlin and to the camps to render surgical and medical aid to the half million neglected Russians interned in Germany, and give them clothing and other necessary articles. These Russians have been treated like animals by the Germans.

Supplies come in from Copenhagen, and are distributed from Berlin to the different camps. At present only Americans are doing the work. British, French and Italian missions will assist soon.

Col. Taylor, and his assistant, Col. Edward W. Ryan, have established headquarters in the old American Chamber of Commerce. The personnel lives in the Palace Hotel. Food supplies have been distributed in both places and in a warehouse, so that in case of an outbreak the mission can live without risking machine gun fire.

The Red Cross personnel includes: Capt. H. B. Carter, Quincy, Illinois; Dr. James A. Babbit, Philadelphia; Major Benj. Hodge, Redlands, California; Major R. P. Sherman, Los Angeles; Capt. Wm. W. Dean, St. Paul; H. T. Wagner, Indianapolis; Dr. B. J. Valdes, Manila; Dr. W. H. Lewis, Cincinnati; J. V. Malcolm, Atlanta; Geo. L. Munn, Seattle; L. G. Peterson and F. W. Pratt, Montgomery, Ala.; M. A. Hardin, Santa Monica, California; S. L. Layton,

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

C. H. (Nick) TOMPKINS

COMFORTS AND QUILTS

Before you put away your Comforts and Quilts for the Summer, send them to us to be washed. Let us also wash your heavy Bed Spreads; we brush out the fringe and return them looking like new.

We wash anything that can be washed in water. We do Family Washing at 7c a pound. Rough dry. We also do Family Washing and iron all the pieces.

TELLS OF THRILLS WHEN SHELLS FLY

**MAN WHO SAW WAR ON FOUR
FRONTS ESCAPES DEATH
MANY TIMES WHILE SERV-
ING SOLDIERS.**

Chicago.—More than 700 Y. M. C. A. workers saw service with the soldiers of the American expeditionary force in the front lines during the last months of the war.

Frank M. Van Epps, seriously wounded while serving as a Y. M. C. A. worker in the Argonne, told of some of his experiences in a talk at the Y. M. C. A. college here:

On the way to France last April on the Oronzo, Van Epps and 56 other "Y" men narrowly escaped drowning when the ship was torpedoed by a German U-boat.

Van Epps was divisional secretary of the Y. M. C. A. outfit. He worked with the Fifth division until the armistice was signed. He was dressed up in a doughboy's uniform when he arrived here. A limp and a kitbag slung over his shoulder containing what is left of his equipment complete his conveniences of more than six months' service overseas.

Van Epps saw the war on four fronts in France and Alsace, serving in the first-line trenches on two of them. When the Oronzo was torpedoed on April 29 60 miles off the coast of Wales U-boats "got" two out of a convoy of seven steamships. The Oronzo went down in 12 minutes after she was struck, and Van Epps and other "Y" men lost all their baggage. They were picked up by a torpedo-boat destroyer and landed at Holyhead, Wales.

In Front Line.

In southern and middle Alsace, Van Epps was in the first-line trenches and at St. Mihiel, when the drive opened, he became a stretcher bearer after his supplies ran out. Getting word to shift to the Argonne, he traveled all night by train, on trucks and afoot, and spent the next three weeks sleeping in shell holes and trenches when he was not at work.

At Madeline farm, on October 18, Van Epps and Thomas F. Hadley of Iowa, another Y. M. C. A. man, set up shop in an old barn. All but three of the twenty-five "Y" workers went back to get supplies. The barn had been under shell fire for several days, but Van Epps and Hadley decided it was good enough to sleep in. They built a bed of boxes of jam, with a tub of chewing tobacco for a pillow and lay down.

Half a mile back, an American battery was hammering the Germans, and two German airplanes came over looking for the position. They let go two bombs which landed on each side of the barn. Soon came a third, which struck the roof, bringing down a mass of rafters and beams and scattering shrapnel. A splinter was driven through the calf of one of Hadley's legs and a piece of shell tore through both of Van Epps' thighs.

After dressing stations and field hospitals had finished with them they spent half a day in an ambulance and then were put aboard a French hospital train, where they remained another two days. One of these days was Sunday, so Van Epps, at the suggestion of some of the doughboys, "put on" a service, conducting it propped up in his stretcher.

Soldiers to Study.

Paris.—With the arrival of General Rees from Washington on detail from the war department to take charge of the army educational work, progress has been rapid along the lines laid down in the program submitted by the Y. M. C. A. army educational commission. Text books required to satisfy the demands of the men for instructions are coming overseas rapidly, according to Prof. John Erskine of Columbia university, chairman of the "Y" commission; post schools are starting up at the rate of 40 to a division and groups of officers and men are being absorbed by French and British universities to the limit of their capacity.

General Praises Y. M. C. A.

Paris.—There are some fools in the Y. M. C. A., according to Brig. Gen. J. P. O'Neill of the Ninetieth division. "Our Y. M. C. A. is everything to be desired," said the general. "Among the employees are some fools. One of them

THE BEST TEST

Is The Test of Time

Years ago E. L. Hinkle of 815 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—says there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp pains in my back radiated to all parts of my body and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

A Business Proposition

By WILL PAYNE.

Secretary Glass said the Victory Liberty Loan should appeal to the patriotism of the people of the United States and not be merely a business proposition.

Isn't that so? It was no business proposition that sent two million young Americans to France and made nearly two million more give up their time for more than a year to train for going. This Victory Loan is to pay for equipping them, sending them over, keeping them there and fetching them back. Will you look one of them in the face and say, "As soon as you stopped fighting and I had given you three hearty cheers you became just a business proposition?"

But the loan is a business proposition, too—this way:

You are Uncle Sam—a hundred odd million of you, individually. Says Uncle Sam to himself, "I owe several million dollars—owe it now on due and maturing obligations that must be met to the last cent. My credit is practically unlimited. I can borrow that money of the banks. They've got to lend it to me. That will mean a huge inflation of bank credit—bank loans all swollen up with my paper—banks consequently in a poorer condition to take care of the ordinary business of the country."

But if I do borrow the money of the banks I've got to pay them back some time. There are only two ways in which a man can finally get out of debt. One way is to sell some prop-

erty and pay up; the other way is to earn more than he spends, saving the difference. I have no property to sell. Can't sell the White House or the national forests. The second way is the only way for me. "Shall I borrow the money from the banks now and thereby put off the real settlement, or shall a hundred million individual Uncle Sams right now save out of their incomes and lend the saving to the collective Uncle Sam, thereby enabling him to pay the bills and wipe the slate, with no inflation, leaving the banks in sound condition to meet the needs of ordinary business?"

That is the question. It is your debt. You owe the money. Finally you've got to pay it in some fashion. To lend on the banks now is the most expensive way temporarily to dispose of it. To save, individually, is the best and cheapest way. Even waiving patriotism, it comes down to a business proposition. Only the savings and subscriptions of the whole public can take care of the loan without inflation.

—HELP "FINISH THE JOB."—

THE FUN OF SAVING MONEY.

The fun of saving money! Best fun in the world, once you get started. Great game, isn't it, where every player wins, always, and no one could possibly lose.

What's the fun consist of? What constitutes the fun of any good game? The planning, the struggle, the contest; the spirit of competition, emulation, excitement; the rush, the climax, the triumph of making goal.

What's the cost, the price of admission? Just the cost of any good game; time, energy, the letting go of non-essentials for the joy of realized ambition and success.

What's the reward? The game and its gaining. The bliss of fighting, climbing, fighting and climbing to win.

What's the method? Begin and keep going. Make a start, set a goal and attain it. Start again and make the same goal in shorter period. Set a new and sterner goal and time limit and beat the record again.

Uncle Sam can't be beat as a partner, game credits foot up before you know it, and it doesn't cost much to sit in.

Didn't Know "John Doe."

"I have no idea who this man John Doe can be. My case is being looked into, but my husband's name is Randolph, dark complexioned, about 6 feet 2," wrote a woman to District Attorney Swann of New York, when asked to appear against John.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generations to come.

There is a splendid preparation women for over half a century have applied before the stork's arrival, known as Mother's Friend. It is a most graceful, penitent remedy that effectively soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, spasms and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger is naturally avoided.

Write to Broadfield Remedies, Dept. E, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

VOICES CONTEMPT FOR FOE FIGHTERS

REPORTS OF FRATERNIZING BY AMERICAN AND FOE TROOPS DENIED BY RED TRIANGLE WORKER.

Chicago.—Reports of fraternizing of allied and foe troops following the signing of the armistice on the western front are denied in a letter from H. B. Stecher, Racine, Wis., received at the offices of the national war work council, Y. M. C. A., here.

Stecher was a Y. M. C. A. worker attached to the Ninety-first division. He served for more than six months on three fighting fronts—at St. Mihiel, in Flanders and the Argonne. Twice he was cited for bravery and awarded the D. S. C.

Before going to France to serve as a "Y" worker Stecher was associated with the Hamilton Beach Manufacturing company at Racine. Formerly he was a member of the California National Guard when he was living in Los Angeles, Cal. His parents, Mr. and Mrs. M. D. Stecher, live in Chicago.

Referring to reports of fraternizing of the troops Stecher says: "Certainly there was no attempt or desire on the part of the men of our division to fraternize with our much-despised opponents, and had there been, the officers would not have permitted it. As a matter of fact the guns were going right up to the time the armistice went into effect. You see, our boys have had a mighty good chance to size up the caliber of the other side, and had the Germans shown any indications of good sportsmanship in the fighting no doubt we would feel some little respect for them. Having been a doughboy myself in the past, and now having gone through all the fighting with my division, I believe my viewpoint is the same as that of the majority of our division, and, personally, I have the utmost contempt for the German soldier, his methods and his ideals."

MAJOR GENERAL PRAISES SERVICE OFFERED BY "Y"

Spread upon the records of the Third division, A. E. F., and just brought to the attention of the national war work council of the Y. M. C. A., is a general order issued by command of Major General Dickman, which "Y" officials have hailed as an emphatic answer to charges that Red Triangle workers had avoided the danger zones in France and had wrung exorbitant prices from the soldiers for the comforts which the association had sent overseas. General Dickman directed that a copy of the order be sent to every one of the thirty-four men and six women who went with the division through the fighting of Chateau-Thierry and along the Marne, to St. Mihiel, and later into action north of Verdun and along the Meuse.

The Y. M. C. A. has made public General Dickman's order along with a communication from Col. J. C. Rhea of another division which was in the St. Mihiel fighting. Colonel Rhea gave figures showing the large amount of supplies which were distributed in his division by "Y" secretaries without charge.

GREAT EDUCATIONAL PROGRAM PLANNED

Paris.—General Pershing has signed an order establishing an American Army university in France to accommodate 15,000 to 20,000 soldier students. The school will be opened at Beaune. At the same time the main office of the Y. M. C. A. army educational commission will be moved from Paris to Beaune.

Courses in engineering, liberal and fine arts, science, music and the like will be offered. It is expected that one of the four agricultural exhibits which have been prepared by the department of agriculture in co-operation with the Y. M. C. A. will be a permanent feature at Beaune.

The Y. M. C. A. war work council announced that the cost of the educational program in the A. E. F. had now reached \$700,000 a month. Books and supplies costing \$1,300,000 have been sent overseas. The army pays for the books and distributes them to the soldier students.

To Improve Idle Time.

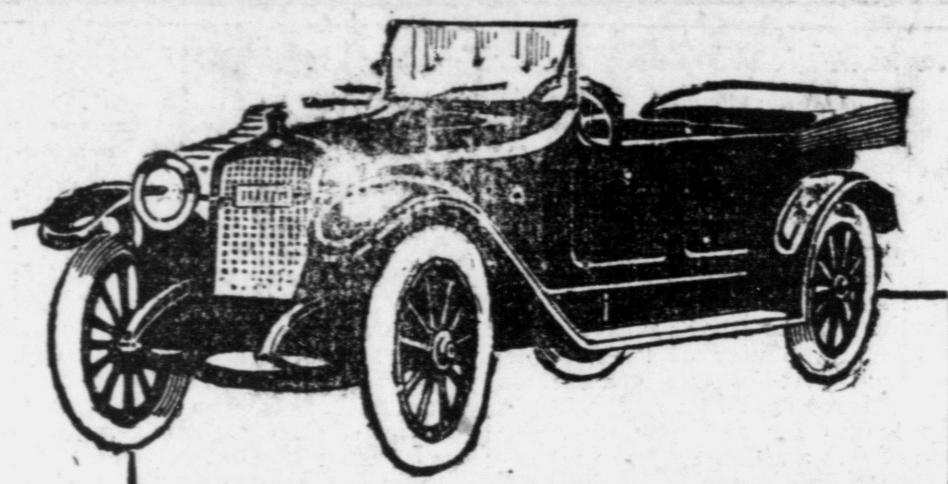

Wherever there are as many as 500 reasonably stationary soldiers, sailors and marines at the base camps or the ports of shipment or with the army of occupation, there will be educational courses supervised by the Y. M. C. A. For those who are to be moved in a few weeks there will be short courses, but there will be something to interest every one.

"Y" Operates Hotels.

London.—Half a dozen London hotels, including the Palace, Cosmo and Grafton, have been taken over by the American Y. M. C. A. and are now in full operation. This addition to the war plant of the "Y" is required by the even more comprehensive period of occupation program which has been set up in the United Kingdom by the Y. M. C. A.

Want American Tables.

An American pool table is a grateful oasis to the American soldiers impatiently awaiting orders to leave for home, for somehow or other they do not take kindly to the model of pool or billiard table which is extant in Merrie England. Hence there never is any rest to the billiard tables in the Y. M. C. A. hut in the British Isles.

FOR SALE—Newly Painted

Those two words—"Newly Painted"—mean a hundred dollars more to you when you want to sell your old car or "trade it in."

Kyanize
MOTOR CAR ENAMELS

Offer you the means to make that hundred.

Come in and we'll show you why we say these are the finest automobile coatings on the market. We'll tell you how we guarantee a satisfactory result if you use them.

We'll Give You FREE
a copy of the valuable book, "How to Paint Your Automobile." Come in.

Pitman & Wilson

What Is
Economy?

Progressive farmers insist on our Buckeye or Michigan wire fence. They know that these fences combine the two essential points of a good buy.

First—Their quality is unexcelled. Either the straight stay or hinge lock can be had in an exceptionally durable fence.

Second—The price is very reasonable. Our fence is being sold at an unusually low rate now.

Don't fail to come and see our large assortment before you buy.

Joyful News

With the arrival of spring comes that old annual drudge. The housewife must begin the house-cleaning. Some have already begun and are through—so would you if you did like they did: Send all the heavy stuff to us to be scoured, cleansed, dusted or vacuum cleaned. Rugs and curtains by all means should be sent us as we can make them the same as new, without taking away the life of them. And we call for them and deliver them. If you live in the country bring them early and we will try and have them ready for you the same day.

XXth Century Cleaners & Pressers.

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do.

If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and search far and near, and you cannot find a blood remedy that approaches S. S. S. for real efficiency.

the proper treatment is through the blood.

S. S. S. has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write today to Chief Medical Adviser, Swift Specific Co., Dept. C, Atlanta, Ga.

A tractor that will fit your farm—the Fordson

YOU can make your farm produce more—at less cost—and with less effort on your part—by using the Fordson tractor. Not only will it help you prepare your land and cultivate the crops, but it furnishes power for many other farm jobs.

The Fordson tractor is the result of long study of farming conditions and it has proved a success. Burns kerosene—easy to operate and care for—practically trouble-proof.

There's an Oliver No. 7 Plow for your Fordson

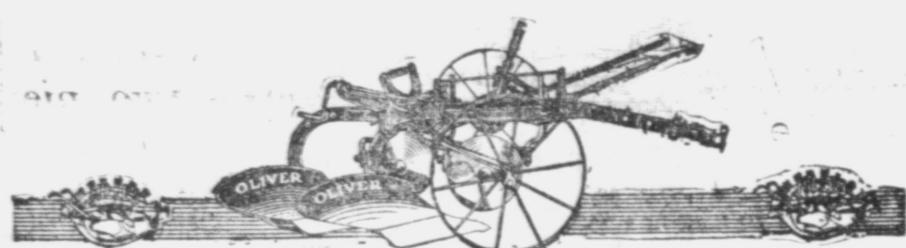

Just as the Fordson tractor gives ideal power, the Oliver plow means ideal plowing. It is scientifically designed for tractor service—and is backed by a half century of experience in making plows. It buries all trash and weeds at the bottom of the furrow—maintains an even depth of furrow—and is controlled from the tractor seat.

Come in and let us show you this remarkable farm team.

The Monarch Kruse and Dewenter Annealed Steel Warm Air Furnace

The accompanying cut represents our "MONARCH & PORTABLE FURNACE." This furnace is designed as a strictly first class furnace in every respect and as a portable furnace is superior to any of its kind. It is readily seen from the engraving that the furnace has a very large radiating surface. The radiator is made upon an entirely new plan having reversible flues, the smoke and heat passing through two openings each side and down to the base of the radiator and then back again to the top before entering the smoke flue, thereby preventing a loss of heat. The furnace is constructed throughout of annealed steel plates and is absolutely gas-tight in every part. The fire box is lined with fire clay tile lining. It burns anthracite and soft coal, coke, wood and natural gas. It uses over 35 years. Sold and installed by

Walter Perkins

with 22 years of practical experience in warm air heating. Why take a chance on a furnace with a cast iron fire pot installed by some one who knows little or nothing of warm air heating when you can get the best at a less price than you are asked for a cast iron furnace.

where first class food products are constantly offered for home disposal. Phone us your order every day. Our service is an invaluable accessory to the housewife. You can trust our taste or the right picking out of your order.

SERVICE IN BROAD SENSE IS PLANNED BY RURAL PROGRAM

Old-Time "Country Parson" Is Passing.

Centenary Survey Emphasizes That Church Must Minister to All Phases of Every Day Ru- ral Life.

Saving children from infantile pa-
ralysis, hogs from hog cholera and
crops from insect pests are "church
services."

So the new church, the regenerated
church of the reconstruction period,
understands "service" in the rural
districts of America.

The old-time "country parson" is
passing.

In his stead comes the man who
knows what to do not only with a
Bible and a hymn book, but with a
potato bug, a family quarrel, a bad
road and a shortage of seed corn.

The church as a factor in the so-
cial, political and economic life of
the rural district; religion as prac-
tical as well as spiritual service, are

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of
Over-Indulgence in Tobacco or
Alcohol or by Excess of Any Kind,
Bio-Feren is What You Need
Right Away.

Don't grow old before your
time, don't let nervousness wreck
your happiness or chances in life.
The man with strong, steady
nerves is full of vigor, energy,
ambition and confidence.

You can have nerves of steel,
firm step, new courage and keen
mind by putting your blood and
nerves in first-class shape with
mighty Bio-Feren, a new discov-
ery, inexpensive and efficient.

Men and women who get up so
tired in the morning that they
have to drag themselves to their
daily labor will in just a few days
arise with clear mind, definite
purpose and loads of ambition.

All you have to do is to take
two Bio-Feren tablets after each
meal and one at bedtime—7 a day
for 7 days—then reduce to one
after each meal until all are gone.

Then if your energy and endur-
ance haven't doubled, if your
mind isn't keener and eyes
brighter, if you don't feel twice
as ambitious as before, any drug-
gist anywhere will return the
purchase price—gladly and freely.

Bio-Feren is without doubt the
grandest remedy for nervous, run-
down, weak, anaemic men and
women ever offered and is not
at all expensive. All druggists
in this city and vicinity have a
supply on hand—sell many pack-
ages.

FASCINATING TEETH

How Every Woman Can Quick-
ly Charm Her Friends With
Lovely Teeth,
Clean, White and Brilliant

If you want the cleanest of
white teeth and healthy gums
free from disease, an easy and
quick way to get both is to use
a tooth paste so effective and per-
fect that astonishing results usu-
ally come in a week's time.

And the cost is so little. Just
go to any drug or department
store, and get a large tube of
SENRECO TOOTH PASTE for
35 cents.

Not only will it make your
teeth clean and white, but it will
at once remove any filmy coating,
help to check the ravages of
Pyorrhea and banish acidity in
the mouth.

It is used by thousands of
dentists and its sale has been re-
markable. When you visit your
dentist, which you should do at
least twice a year, ask him about
SENRECO. It's a most delightful
and refreshing tooth paste.

Public Sale Dates

If you contemplate holding a sale I
will appreciate your date as soon as
possible as you will note by this ad
that I am constantly giving your sale

not experiments. The new church and the new pastor have proved themselves and found themselves at the same time.

Take the story of Lakeville, Holmes county, Ohio.

Fresh from his theological studies, Charles M. McConnell went to Lakeville five years ago as pastor of the Methodist church there.

McConnell was sent to Lakeville because the Methodist board of Sunday schools chose it as the least promising "charge" they could find. And the board wanted to experiment.

The new pastor found a moribund church and an epidemic of hog cholera. McConnell preached dynamic sermons. But he did not neglect to send to the State University for cholera serum.

Two members of the church met some boys later, and conversation veered to the pastor. One was dubious about his theology.

"I don't know about his theology," said the other, "but I do know that he saved my hogs. I'm for him."

An old church building was for sale at Killbuck, 22 miles away. McConnell bought it in at auction for \$448, hauled it to Lakeville, and in December it was dedicated as the Lakeville Memorial Hall, to the boys

METHODIST CENTENARY RURAL CHURCH PROGRAM.

Better rural churches.
Establishment of effective training
schools for rural church leadership.

A nation-wide educational cam-
paign to increase the efficiency of
the ministry now in service.

This is how the Methodist
church proposes to rehabilitate
rural churches in this gigantic
five-year Centenary program.

who went into service. This was the
first rural memorial hall dedicated
anywhere in the United States.

In the hall is a standard motion
picture outfit. McConnell and two
of his members bought it, projector,
seats and all, for \$1,100, on their
own responsibility. Pictures are
shown every Saturday night.

The farmers were losing money
through ignorance of modern agricul-
tural methods. McConnell ar-
ranged with the State University for
a series of farmers' institutes.

The institutes were held in the
church. Better orchards, better cat-
tle, better crops, were the result.

Through the country are the ruins
of abandoned rural churches. The
Lakeville church flourishes. But
rural churches can not retain McCon-
nells at existing rural church sal-
aries. That is the Gordian knot
which the Centenary program for
American rural communities is
planned to cut.

In the next five years nearly \$11,
000,000 of the \$115,000,000 funds pro-
vided for in the world reconstruction
program of the Methodist Centenary
will be spent to put such a man in
every rural center in the country. In
the Cincinnati area of the Methodist
Missionary Centenary (Ohio, south-
ern Indiana and Kentucky) almost
one-half million will be spent by the
Centenary out of the total of more
than two times that sum called for
by the survey.

TO AID VICTORY LOAN

Methodist Centenary Forces Are To
Aid Government In Its Big Drive.

The machinery of the great Meth-
odist Missionary Centenary move-
ment is to aid the government in its
Victory Liberty Loan campaign. Or-
iginally the intensive drive of the \$115,
000,000 church campaign was sched-
uled for dates now included in the
loan dates, but as soon as the dates
for this loan were fixed, the Centen-
nary officials sent word to Secretary
of the Treasury, Mr. Glass, offering
the services of the Centenary forces
in putting over the government cam-
paign first. This will put at the dis-
posal of the government the aid of
one of the greatest church organiza-
tions ever formed in America. The
church intensive drive will follow
from May 18 to 25.

AMERICA'S IMMORTALS

HAROLD A. FURLONG,
First Lieutenant, Company M,
353rd Infantry.

Lieut. Furlong won the distin-
guished service cross for brav-
ery in action near Bantville,
France, November 1, 1918. Im-
mediately after the opening of
the attack in the Bois de Bantville,
when his company was held up by severe machine
gun fire from the front, which killed
his company commander and
several soldiers, Lieut. Furlong
moved out in advance of the line
with great courage and coolness,
crossing an open space several
hundred yards wide. Taking up
a position behind the line of ma-
chine guns, he closed in on them,
one at a time, killing a num-
ber of the enemy with his rifle,
putting four machine gun nests
out of action, and driving twenty-
two German prisoners into our
lines. Lieut. Furlong's home is
at 2550 West Grand boulevard,
Detroit, Mich.

TRY A WANT AD

Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food
properly. Instead, the food sours and
ferments and, passing into the intestines,
becomes a breeding place for countless
millions of deadly germs—
toxic poisons they are called. These
poisons are absorbed into the system
and cause untold misery. So, you see,
it is just acid-stomach, nothing else—
that makes so many people weak,
listless and unfit; saps their strength
and energy; robs them of their vigor
and vitality. Biliousness, bad liver,
nervousness, blinding, splitting head-
aches, rheumatism, lumbago, sciatica—
these and many other still more
serious ailments often are traced to
the common source—an acid-stomach.

Take EATONIC and get rid quickly
of the pains of indigestion, heartburn,
that horrible, lumpy, bloated feeling
after eating; disgusting, belching,
food-repeating, sour, gassy stomach.
These stomach miseries are caused by
what doctors call "Hyperacidity."
It's just ACID-STOMACH. And in
addition to the pains and miseries it
causes, ACID-STOMACH is the starter
of a long train of ailments that most
people never dreamed are in any

way connected with the stomach.
Pleasant tasting EATONIC TAB-
LETS that you eat like a bit of candy,
quickly put an end to your stomach
troubles. They act as an absorbent—
literally wipe up the excess hurtful
acid and make the stomach pure,
sweet and strong. Help digestion so
that you get all the power and energy
from your food. You cannot be well
without it.

If you are one of those who have
"tried everything" but in spite of it
still suffer all kinds of acid-stomach
miseries—if you lack physical and
mental strength and vigor—begin at
once to take EATONIC. Get back
your physical and mental punch and
enjoy the good things of life. Like
thousands of others you will say you
never dreamed that such amazingly
quick relief and such a remarkable
improvement in your general health
was possible.

Your druggist has EATONIC. We
authorize him to guarantee it to give
you instant relief or refund your
money. Get a big box of EATONIC
today, it costs but little and the results
are wonderful!

EATONIC TODAY FOR YOUR ACID-STOMACH

BUILD IT NOW

If You Need That House BUILD IT NOW

Your first peace-time work is the
building of that new house you had to go without
while the war was on.

Both labor and materials are available
once more and a great deal of government build-
ing, state work and factory construction already
is under way. Measure the amount of satisfaction
and service your new home will bring and
you'll want to get started at once.

The sensible thing then is to BUILD
NOW and we have all the material to build the
sensible way—framing, siding, trim, shingles,
doors, and Beaver Board—the manufactured
lumber, knotless and crackless—for the walls and
ceilings. Speak to us about it today.

Pinnell & Tompkins Lbr. Co.

Buick - Chevrolet

Valve-in-Head Motor

Valve-in-head motor is the direct application of power type.
Gasoline vapor is introduced directly into the cylinder head and
is exploded flatly against the piston head, just like a hammer
striking a nail squarely on the head. Every bit of power from
the explosion is utilized to turn the fly wheel. Absolutely no
waste. In all other types of motors the gasoline is introduced into
a side chamber where it is exploded. The force travels "around
the corners" to the piston head and a loss in power results.

Farms for Sale 4

183 ACRES—one mile from Oxford, Ohio, Miami University, Ohio State Normal College and the Western and Oxford colleges for women, 14 miles from Hamilton, the county seat, with a population of 40,000; 39 miles north of Cincinnati, Ohio, and 84 miles southwest of Indianapolis, Ind. Oxford has a population of 2,500 and a fine market for anything produced on the farm. This farm has a good new frame house of 6 rooms and basement, large barn and numerous farm buildings.

The soil is deep and productive, turns as loose as ashes, never burns up or drowns out. No hills most of it just rolling enough to drain; about 20 acres of timber, plenty of water, clear of all floods.

Now, this is the landlord's proposition as a paying investment property handled from \$7,000 to \$10,000 annually.

This farm is fine for corn, wheat, oats, hay and alfalfa.

Now, we are selling this farm to divide up among the owners and are pricing it low to sell at \$140 per acre, will produce as well as this \$300 land. Buy it and do as we are, let the other fellow do the work. Not for trade. No agent need apply as we will do the selling. NORMAN L. ARISTEAD, Oxford, Ohio. 25t1

FARM—of 128 acres close to Oxford, Ohio. All good improvements under good fence. About 65 acres of black land, rest a rich clay loam, on good pike, price \$140 per acre. Now the purchaser of either of these farms in April gets the one half of all grain crop. Norman L. Aristead, Oxford, O. 25t1

FOOD FOR GERMANS IS VAST PROBLEM

Owing to Underground Traffic Best Experts do Not Know How Situation Stands.

PREPARED FOR EMERGENCIES.

Majority of Population Gets Practically Everything in Germany on The Sly.

By FRANK J. TAYLOR.
(U. P. Staff Correspondent.)

Berlin, Mar. 20. (By Mail.)—Feeding more than fifty million hungry German mouths is the most immediate problem of the new republic. The people expect their new Government to do wonders in getting food for the hungry, and the uprisings that have taken place have been immediately the result of hunger, though farther back a political cause can almost always be found as the aim of leaders.

Germany's hungry are many, perhaps as many as fifty million, perhaps somewhat less. Owing to the underground traffic (or "schleichhandel", as it is called, the best experts in the country do not know exactly how the food situation stands. The starving are of course far fewer than the hungry, for Germany is still organized for emergencies.

There were authorities who said when the war ended that Germany would be starving completely by March, unless enormous quantities of food were sent in by the outside world. March is here and there is no evidence of food decreasing or stopping abruptly. The situation remains much the same, with not enough food and with the quality poor for the most part in cities, and with prices far over the heads of the poor people.

The fact that there is food does not necessarily mean the food au-

BOXLEY'S PIANO STORE

authorities were trying to deceive the world. On the contrary, they were probably honest as far as they knew. But it does demonstrate how little anyone knows as to the actual amount of food in Germany. Nor does this indicate that there is enough food, or that Germany does not need more.

During the last two months food has come from many sources in small quantities, but in an aggregate large enough to keep the market good for those who have money, or know how to get supplies. It is not sold in the open market, where cards are required to get what you want to buy. But no one who can afford to live depends upon what I could get in the honest and lawful way by means of "cards, I would starve, that is all," is a statement you hear often, especially in Berlin.

Almost the whole, or certainly the majority of the population, of Berlin lives on food secured in the unlawful way, and wears clothes secured in the unlawful way, and gets practically everything through the greatest business in Germany today, "schleichhandel." "Schleichhandel" means business on the sly.

There are thousands in the busi-

ness. Regulations prevent offices or stores from selling goods on the sly. Hence most of the "schleichhandel" dealers ply their trade in baskets, or solicit business from house to house, in hotels or in the street, always keeping as much under cover as possible.

Usually, before you have been in a hotel many days some waiter who has been watching you closely will come in your room and whisper, "Does the gentleman want to buy a ham. I know where I can get one, for only a hundred and eighty marks". That makes some twenty-five or thirty dollars in real money. Or he will know how to get a dozen eggs for fifty cents an egg, or butter at five dollars a pound, all on the sly.

How the "schleichhandel" merchant plies his trade in the suburbs was told by a cultured, well-to-do woman, who answered the maid's request to see a "gentleman who had something very personal and confidential to talk about." He had a side of beef to sell and half a sack of white flour, which he had smuggled in from the country. The woman, who would have disdained such a call during the first three years of the war, said apologetically, "You have to come to it, or else be hungry. Since everybody does it, we have to".

There were and still are thousands of "schleichhandel" artists who make it a practice to go to small country towns, but what they can carry, and bring it to cities to sell at exorbitant prices. In many small towns, guards have been stationed in depots to search the baggage of those taking trains, especially suspicious characters. The result was usually not the prevention of food leaving those stations, but the increase of prices of "schleichhandel" goods. The merchants added so much to the exorbitant prices as "fees for good inspectors" bribery, if you want to call it that, but a lot of people are susceptible to it in Germany these hard times.

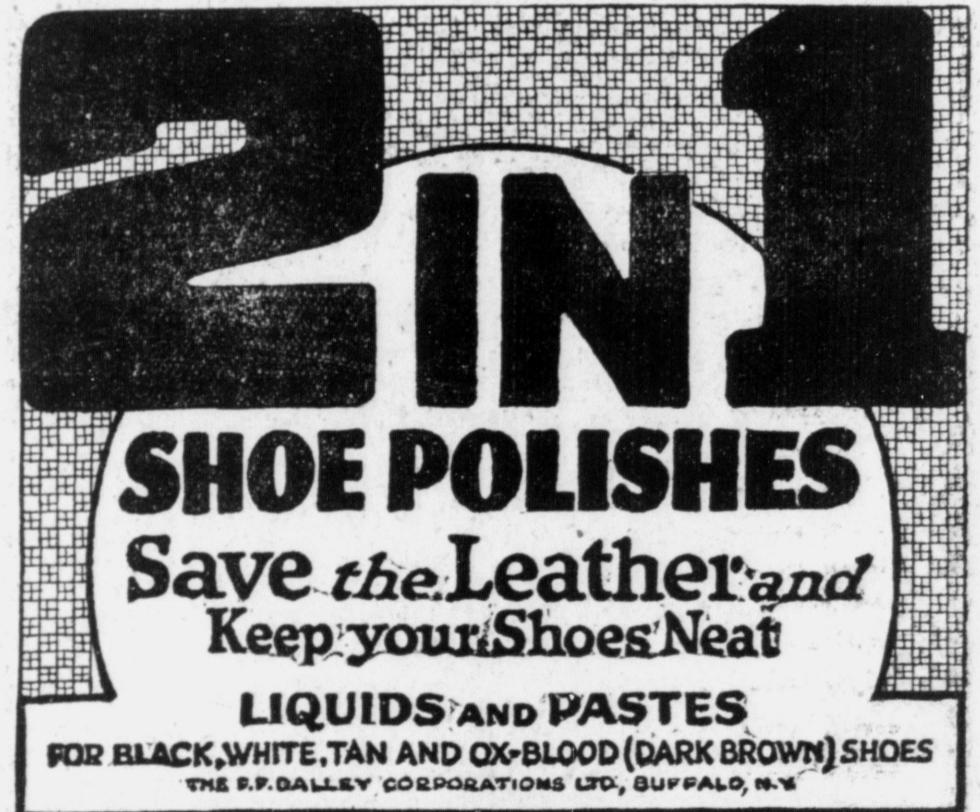

"Schleichhandel" obviously can thrive only when there is food in certain regions, and in considerable quantity. In the country districts there is considerable. Weimar, for example, was helped by the Government when the assembly was there on the theory that Weimar could not feed the two or three thousand guests it would have for several weeks. As a matter of fact, Weimar and the regions around it had plenty of food, and the extra supplies caused a plenty that could not be equaled anywhere in Europe.

ity of foods, but the people do not want to exchange it for paper money. This is the principal trouble in many country districts. The farming people shrewdly figure that food is a lot more valuable than paper money. When credit and business become normal, food will come out voluntarily, as it is doing so already, under the stimulation of high prices and the "schleichhandel" artists.

But it is dear, far too dear for the poor, and the aged, and the sick, and for workmen's families with a num-

ber of children. This class is suffering for all Germany's sins, and is continually hungry and desperate. The allowances of food the poor get on their cards are insufficient and of inedible quality in cities like Berlin. The mortality is high in this class, and for them Germany does not need food from the outside world, food which the Government can control and distribute where it belongs, rather than sell prevailing high prices.

When you have cattle and hogs to sell call H. A. KRAMER. 1512

PEACE CONFERENCE
MAKING PROGRESSAPPEALS A PROVOKE CASE
Mrs. John Ellerman Fined \$1 and
Costs by Squire Stech

More Advances Made in Last Twenty-Four Hours Than During Previous Two Weeks

AMENDMENT IS ADOPTED

Which Provides That the Monroe Doctrine Will Not be Affected by Any Provisions

(By United Press)

Paris, April 11.—The Big Four today considered a proposal for sending food to Russia, it was learned from reliable sources. What decision was reached if any could not be ascertained.

Washington, April 11.—More progress has been made in the peace conference during the last forty-eight hours than during the entire previous two weeks, according to advices received at the White House today from Paris.

SOLDIERS IN RUSSIA
CANNOT RETURN NOW

Despite the Unrest in the Archangel Region They Cannot be Trans- ported at Present

ICE IS BLOCKING PASSAGE

(By United Press)

Washington, April 11.—General staff officers reiterated General March's recent declaration that American forces in Northern Russia are perfectly safe and able to hold their own against Bolshevik attacks.

Despite the unrest in the Archangel region, it was stated, it is physically impossible to bring the troops home earlier than announced because of the ice.

What disposition will be made of the men who mutinied March 30 and refused to fight, officers were unable to say. Technically the offense is a grave one. In this case, however, it is pointed out there is difficulty in applying the usual punishment in such an offense, because opinion seems to be with the men.

The Bolsheviks reports here indicate they are poorly equipped, and even though the allied troops are overwhelmed in numbers, they could hold out indefinitely with their superior equipment.

Delegates considered removing about 30,000 loyal Russians and leaving the rest for Bolshevism.

CASE OF KING VERSUS
GLAZIER BEING TRIED

In Circuit Court Today Which Came To This County From Connerville on a Change of Venue

ASKING FOR \$175 DAMAGES

The case of King vs. Glazier which came on a change of venue from Connerville is being tried in the circuit court today. John A. King and John Moffett, who own a livery stable in Connerville and buy and sell horses, are suing Joe and William Glazier for \$175 alleging damages done while the defendants had rented a team of horses and wagon over a year ago. While the team and wagon were standing near the railroad track, while the defendants, who are junk dealers now of Anderson and formerly of Connerville, were loading junk, the team ran off, killing one horse, and damaging the wagon and harness.

The plaintiffs are represented by Judge Douglas Morris of this city and Lon Conner of Connerville. G. E. Johnson of Connerville, Chauncy Duncan of this city and Walter Vermillion of Anderson represent the defendants.

The jury hearing the case is composed of J. A. Jones, Oliver Olfelt, Walter Barnes, Rufus Rhodes, John L. Clark, Alfred Bechler, Grant Miller, Chester Cross, Elmer Hengford, Ora E. Smith, Frank Cross and Arthur P. Havens.

Basle, Apr. 11.—The allies have notified the German government that Bavaria will not be included in the peace treaty, a dispatch from Stuttgart reported today.

Such action by the allies would be regarded as a virtual recognition of the independence of Bavaria, though not necessarily of the new Soviet government.

Paris, April 11.—An amendment to the league of nations covenant, as adopted last night by the special commission, provides that the Monroe Doctrine, which is definitely named, shall not be affected by any provisions of the document. The amendment was prepared by E. M. House and presented by President Wilson. Although indicating his belief that the Monroe Doctrine was protected under the terms of the covenant, Mr. Wilson said he regarded adoption of the amendment as imperative because of the demands for specific exemption. Some adverse argument followed, but the provision was accepted without prolonged opposition. The text of the section is not available.

Paris, April 11.—The plenary session of the peace conference called for today to receive the report of the committee on international labor largely was expected to develop into a forum for airing the dissatisfaction of the small nations.

Many of the smaller countries are not represented in the Big Four and they are known to resent assumption of supreme authority by this body. The belief is expressed that representatives of the little powers would seize the opportunity to place

STORM KILLED 92 PEOPLE

Blizzard Also Injures 300—Damage Placed at \$1,000,000

Dallas, Tex., April 10.—Ninety-two persons killed, approximately 300 injured, and property damage estimated at nearly \$1,000,000, was the toll of Tuesday night's storm that swept a portion of Arkansas, north Texas and southern Oklahoma, according to revised and virtually complete reports here. Of the dead seventy-five persons were killed in Texas, fourteen in Oklahoma, and three in Arkansas. Previous reports that eight lives were lost in Ravenna, Tex., proved untrue.

CELEBRATION FOR
OPENING OF DRIVE
EFFORT TO CHANGE
LAW IS GOOD NEWS

Observance of Beginning of Loan Campaign Urged Since Tank Will be Here Then

COMMITTEE IS APPOINTED

Township Workers Are Urgently Requested to Attend Conference Here Tuesday

Because the whippet tank, which is making a tour of Indiana in the interests of the Victory loan, has been assigned to Rushville on Monday, April 21, the day on which the campaign officially opens, the local committee will make an effort to mark the day with a special celebration of some sort. It is regarded as fortunate that the schedule of the tank calls for its visit here on the opening of the loan drive and it is believed that Rush county should celebrate the occasion in some manner.

The tank is a bigger curiosity than an airplane because very few people have seen this modern instrument of war which was developed during the late conflict. But it is believed that merely the tank in itself would not be enough to mark the opening of the loan campaign and that some local arrangements should be made to observe the event fittingly.

With this end in view, a committee composed of Will M. Bliss, Jack Knecht, Paul Allen, Supt. J. H. Scholl and H. S. Havens has been appointed to discuss the advisability of holding a Liberty Loan parade, headed by the tank, on the opening of the campaign. It is declared by many in favor of such a project that the Victory loan could very well be the subject of many attractive floats and that school children could also participate in the celebration. This committee will soon meet and determine on what course shall be pursued.

Others cling to the belief that the visit of the tank in itself would be an event of sufficient importance to mark the opening of the campaign and that a parade of any sort would be unnecessary. They point out that most people will want to see the tank and examine it, and that it will be the center of attraction to the exclusion of whatever local arrangements might be made.

The formation of a thorough-going organization to canvass the county is going forward rapidly and old workers who have made records in the sale of Liberty bonds in the past are preparing to get back into the harness. There is every indication that the organization for the Fifth Liberty loan will be better than that of any other loan.

Letters are being sent out to township chairmen and their lieutenants, together with district solicitors, calling on them to be sure and be present at the conference of loan workers here next Tuesday afternoon at 1:30 o'clock at the sheriff's office in the court house. Every canvasser who can possibly attend is urgently requested to do so in order that they may get in touch with the plans for the canvass. The letters issuing the call to workers are being sent out by T. M. Green, county sales director, and are as follows:

The time is at hand when the organization for the selling of the six billion dollar Victory Loan Bonds must be completed. While it is a busy time for every one, and possibly the conditions are not the most favorable for the placing of a great popular loan, yet we should not let this deter us from our duty, but rather challenge and stimulate us to greater effort.

Continued on Page Two

TRAINMEN GET INCREASE
Under the Direction of Director General Hines.

Washington, April 11.—Train and engine men on lines of the national railway today were granted another increase in wages by director general Hines.

The order affects more than 400,000 employees and the increases of retro-active to January 1. Claims of the employees time and a half for overtime in road service was reached by the bi-partisan board for decision.

Hines gave the four big brotherhood increases ranging from \$15 to \$33.30 for men paid by the month and from \$1.31 to \$1.53 for men paid on a day basis, over their 1917 wage scale.

RUSHVILLE MEN HOLD
A REUNION IN PARIS

Private John Kennedy Meets Harvey Allen by Chance and Meeting With Others is Arranged

ON FIRST LEAVE OF ABSENCE

Harvey D. Allen, former clerk in the Rushville post office who has been in France for several months in the United States postal service, describes a reunion of Rushville men in Paris, in a letter to John Kennedy, a brother of John Kennedy, who was one of the quartet who enjoyed the occasion.

Private Kennedy had never had a leave of absence from his regiment, the 35th Infantry of the 89th division, and recently obtained a fourteen-day leave to visit Capt. W. S. Coleman, a Rushville physician, who was stationed at Tours, France.

Private Kennedy's outfit at that time was stationed at Treves, Germany. On his way to Tours he went through Paris and met Mr. Allen. A meeting was then arranged with Captain John H. Kiplinger, who is with the army of occupation, and Clifford S. Lee, former Rushville newspaper man who is in France as a representative of the United States treasury and incidentally is writing some good stories from France for Indiana newspapers. The four enjoyed supper together and a good show afterwards.

The enumeration of voters, which is also in charge of the trustees and which, according to an old Indiana law, must take place every six years, is generally believed to be useless and unnecessary because of the modern methods of keeping a check on the voting population by means of the voters registration law.

There has been some discussion as to whether or not the law actually requires the enumeration of voters, but a ruling of the state board of accounts says that it is mandatory.

The law requires that the trustees shall supervise the count of voters and specifies that they shall be paid a certain sum in addition to their regular compensation if they actually do the work.

But in 1917 another law was passed which states that the township trustees shall not receive any other pay except that which is provided as salary in the law. The voters enumeration law also provides that when necessary, the trustees may employ assistants to take the count, which is to be completed between the first of January and the first of July.

The majority of the trustees in

TRYING TO CHANGE LAW

SCHOOL COUNT IS
BEGUN IN COUNTY

Enumeration of All Persons Between 6 and 21 Years of Age Must be Finished by May 1

COUNT OF VOTERS ALSO MADE
Although Law Which Requires it is Out of Date, Task Must be Performed Every 6 Years

The enumeration of persons of school age, of voters and soldiers and sailors of all wars, began in Rush county yesterday. The annual count of the former, which must be completed by the first of May, is of great importance because it is upon this enumeration that the funds are distributed for the maintenance of school work.

The township trustees supervise the enumeration in the townships and in cities and incorporated towns the school boards have this work in charge. Miss Ruby Sparks, a high school student, has been retained by the Rushville school board to take the enumeration here this year. Not only children who are in school are counted, but all those who are of school age, which the law fixes as between six and twenty-one years. It is essential that an accurate count be made and all people are urged to co-operate with the enumerators.

Heretofore the township trustees have merely supervised the school enumeration, but this year it is regarded as a part of their regular duties and they will not receive extra compensation for the work. In the past they have been additional pay, but the state board of accounts has ruled that the new salary law precludes them from any extra allowance.

The enumeration of voters, which is also in charge of the trustees and which, according to an old Indiana law, must take place every six years, is generally believed to be useless and unnecessary because of the modern methods of keeping a check on the voting population by means of the voters registration law.

There has been some discussion as to whether or not the law actually requires the enumeration of voters, but a ruling of the state board of accounts says that it is mandatory. The law requires that the trustees shall supervise the count of voters and specifies that they shall be paid a certain sum in addition to their regular compensation if they actually do the work. But in 1917 another law was passed which states that the township trustees shall not receive any other pay except that which is provided as salary in the law. The voters enumeration law also provides that when necessary, the trustees may employ assistants to take the count, which is to be completed between the first of January and the first of July.

PAY CAR MAKES ITS
LAST TRIP OVER ROAD

Pennsylvania Employees Will be Paid by Check Instead of the Former Custom of Using Car

WILL SAVE MUCH EXPENSE

The Pennsylvania pay car made Rushville for the last time this week. Ordinarily the coming of the pay car is of little interest, except to those who receive their pay from it, but this visit was of particular interest as this is the last trip it will make here.

The Pennsylvania Railway announced that with this trip of the pay car that method of paying will be abandoned. Instead of receiving the cash as was heretofore the custom, the employees will receive their pay by check, which will be mailed to the officials of this city and then will be distributed to the employees.

The pay car is an old institution that has been in existence as long as any of the oldest employees can remember.

The company in its announcement that the pay car will be discontinued, said it would not affect the bank accounts and they may get their pay checks cashed at the bank.

TRYING TO CHANGE LAW
In Order to Avoid a Special Session of Legislature(By United Press)
Indianapolis, April 11.—Attorney General Stansbury today is trying to find a way to correct the county unit road law and avoid a special session of the legislature.

Governor Goodrich maintained his belief that a special session is virtually assured to insert amendments which was adopted by the legislature and omitted in the enrolling room before the bill was sent to the Governor. There will be a conference of state officials to determine definitely on this question.

PAGE TWO

Amusements

Henry Warner at Mystic

In "Kiss or Kill," featuring Henry Warner comes to the Mystic theatre tonight the scenes presented are said to be the most thrilling and yet appealing yet shown on the screen.

He was being pursued by the police. In his pocket was a large wallet that had belonged to a prosperous-looking individual only a few minutes before. He had not wanted to steal; he hated to be considered a thief. But he had been hungry and his landlady had threatened to evict him, and he still was feeling the effects of a wound which had brought about his discharge from the Canadian Expeditionary Forces in France.

Suddenly he thought of a trick employed by crooks in escaping the law. It had been demonstrated to him by a noted criminal who had fought shoulder to shoulder with him against the Huns. He flattened himself against a door and the police dashed by without seeing him.

The door yielded and Henry Warner found himself in the home of Old Man Middleton. His experience had unnerved him and he was for going out and giving himself up, but he knew such a course meant a long jail term. In such a mental condition he yielded to a proposition by Old Man Middleton that he undertake a dangerous mission.

Tomorrow "One Dollar Bid," by Thomas J. Geraghty, formerly of this city will be shown.

"The Squaw Man" at Princess

Cecil B. DeMille's "The Squaw Man," was shown at the Princess theatre last night and will be shown again tonight.

All of Mr. DeMille's pictures are "difficult" because they must be as nearly perfect as skill, application, art and industry can make them. And anything that is worth while usually presents difficulties. As far

as that goes, every Artaert or Paramount picture is "difficult." There is no haphazard method employed in their making. They must measure up to a standard and the standard is constantly being advanced.

"The Squaw Man," however, may have presented greater problems than the majority, because it is a production of greater magnitude, with a large cast of unusual calibre, with the necessity for striking sets and wonderful exterior scenes, and with an attention to detail, technical and artistic, that meant hours of study over many scenes and much preparatory work.

Saturday Corrine Griffith will be shown in "The Adventure Ship."

News of Colored Citizens

Mrs. Della Meadows and Frank Wills entertained at the home of their parents in New Salem yesterday, with a welcome home party, in honor of their brothers, Corp. Clayton Wills, from Des Moines, Ia., and Corp. Nathan Wills from overseas. Several Rushville friends were present. The out-of-town guests were the Misses Carrie and Anna Hughes and Helen Williams of Connerville and Sarah King of Indianapolis. A two course dinner was served.

PEACE CONFERENCE

MAKING PROGRAM

Continued from Page One on record their disapproval of what they regard as deliberate evasion of their rights.

Berlin, April 11.—Wurzburg has been captured and Munich entirely surrounded by forces of the deposed socialist government, according to advices received here today.

After retreating from Nuremberg to Bamberg, Premer Hoffman of

Bavaria, and several of his ministers are reported to have succeeded in rallying an anti-Soviet government consisting of soldiers, workers and students. A large force retook Wurzburg from the Bolsheviks after a brief encounter yesterday. Most of the Soviet official soldiers are said to have surrendered.

Another force has surrounded Munich, completely isolating it.

The General strike in Saxony and the Ruhr districts is reported to be growing, but the government has succeeded in regaining control of the situation in the capitol of Saxony. Street fighting in that city resulted in heavy casualties.

The situation in Berlin is tense. The city is quiet, however, under the seige conditions, directed by war minister Noske.

SPECIAL SERVICE AT GOWDY

The Rev. Mr. Nelson of Indianapolis will give an illustrated lecture at the Ebenezer church in Gowdy, Sunday night.

PARIS—The Chamber is considering a bill enabling relatives of the 314,000 missing French soldiers to presume death if no news is received within 2½ years of the signing of peace. Widows may remarry.

WHY COUGH AND COUGH AND COUGH?

Dr. King's New Discovery removes the danger of neglect.

Coughing until the parched throat grows painful should not be permitted. It should be relieved before it gains headway with a dose of Dr. King's New Discovery.

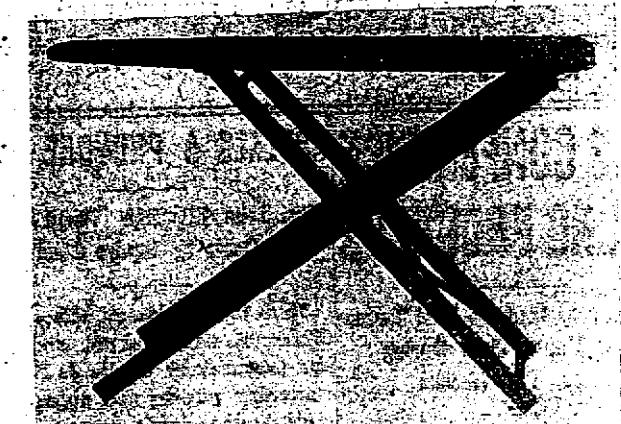

The same with a cold or bronchial attack. Millions have used this well-known remedy for half a century regularly without thought of change.

Sold by druggists since 1869. An all-important adjunct to any family medicine cabinet. 60¢ and \$1.20.

The Burden of Constipation is lifted, comfortably but positively when you treat your bowels with Dr. King's New Life Pills. The liver gets busy, digestion improves, the sickly, sallow skin is freed from bile. Get a bottle today—start the day right. 25¢.

FOR ALL FORMS OF CATARRH AND IS AN UNSURPASSED BLOOD PURIFIER.

Mrs. Richard Benner, 86 Ewing St., Peru, Ind., says: I have had catarrh for the past fifteen years. I had stomach trouble; my kidneys and bladder were badly affected. I also had severe headaches. I could not sleep and rest. I often would get up more fatigued than I was upon retiring. I had become in a very run-down state of health, was scarcely able to do anything. I have been using NATURA for about three months and I am in fine health. I sleep and rest fine, have no more headaches, my stomach is doing fine and it is a pleasure to live again.

Days Pickings

Mrs. Hal Green, who is taking treatment in Newcastle, as the result of a fall a few days ago, is reported to be in an improving condition.

George B. Moore, Jr., clerk of the circuit court, has recovered from an attack of the mumps and was back on duty in the office again today.

The Missionary Society, of the First Presbyterian church, will have an exchange, Saturday April 26, in the Singer Sewing Machine room, in West Second street.

Born to the wife of Lieutenant Ivan Coyne an eight-pound baby girl. The baby has been named Rosemary. Mrs. Coyne was formerly Miss Marie Talbert of Mristown.

Miss Charlotte Norris who has been suffering from the influenza for the last few days is reported to have developed pneumonia. Her condition is reported as hopeful however.

Born to the wife of Wesley J. Kelley, Thursday, April 10, a seven and one-half pound boy. The baby has been named Wesley John Jr. Mrs. Kelley was formerly Miss Margaret Gray.

SCHOOL COUNT IS
BEGUN IN COUNTYContinued from Page One
Rush county will count the voters in their township as they take the school enumeration, but those who do not perform this task given the right, according to an opinion from the state board of accounts, to employ an assistant to do it.

The voters enumeration law was enacted by the legislature in 1865 when a great deal of attention was devoted to population. The law provided that only the white male voting population should be included in the county. The first enumeration under the law was taken in 1866 and the second in 1871. The count has been made every six years since

that time.

The names and ages of the voters must be recorded, the law provides, and the trustees are then required to arrange the names in alphabetical order in a separate book and file them with the county auditor who must file a summary with the state auditor before September 1 of the year in which the enumeration is made. For ten years only white voters were enumerated but in 1877 the law was amended to

include colored voters.

The enumeration is of no value now as the apportionment of congressmen is made according to the vote cast in the preceding election

before the apportionment is made. So far as known here the enumeration figures are not used now and become merely public records.

How the Canneries Canned.

When with our entry into the war the government called for more foods, how did the country respond?

Our farmers, always patriotic, raised more vegetables than ever, and the canning plants took care of them. They formed the link between the production of the farmer and the needs of the government.

The amounts which the government required for the army were stated in terms of millions of cans.

For instance, the 1918 tomato pack was 480 million cans, of which the government took 45 per cent. In order to produce this quantity the canning plants put in many improvements which conserved labor and increased output.

And when the harvesting of the tomatoes outran the farmers' possibilities, in many localities townspeople

Don't Cough Until Weak

Tired out and weakened with persistent coughing, elderly people are in no condition to resist disease, and can not easily ward off more serious sickness.

FOLEY'S HONEY-TAR
helps coughs quickly. It brings quick relief from day and night coughs, whether they result from cold, laryngitis, bronchial affection or tickling throat.

Mrs. Mary Kirby, an elderly lady of Spokane, Wash., 3533 Princeton Ave., writes: "I was sick in bed with laryngitis and had a very bad cough which would not stop me to buy Foley's Honey and Tar, so began taking it. It stopped my cough, and I got better. So now I am round the house again. I am 75 years old, and as long as I live will praise Foley's Honey and Tar."

F. B. JOHNSON

people turned in and helped save the crop.

Wisconsin is the region for peas, and produced the greater part of the 1918 pack of 288 million cans, of which the government took 25 percent. The amount of corn canned was nearly the same, and the government took a like proportion.

Canned baked beans and canned fruit were produced in quantities and the fish canneries ran day and night.

Farmers and canners must work equally hard this year, for after the army demobilized the starving nations of Europe will require all that we can pare for them.

And the People Pay.

The expected has happened: a twenty per cent increase in telegraph rates has been inaugurated by Political Master General Burleson, who gives as his reason the increase in wages ordered by him some months ago.

This increase was wholly unsatisfactory to the operators themselves, who have ordered a referendum on the question of a general strike for higher wages. Not long ago Burleson stated it was not practicable to grant higher increases because of the income of the companies. Now he makes the statement that an increased charge of 20 percent over the old rates is necessary to pay advances already given, which gives a clear intimation that any further increase in wages will be followed by further increase in rates. And so it goes. The service deteriorates as the wages increase, and the public meets the bills. Under private ownership, while wage increase would necessarily be made, we could depend upon efficient handling of the business together with such efficiencies and economies in the business together with such efficiencies and economies in overhead expenses as might make it unnecessary to raise the rates. But, thank God! the day of the dictators has about run its course.

We must remember that the peace conference has had very little previous experience in making peace treaties.

The Russians are keeping Lent with no prospect of its ending at Easter.

And the cheapest and most plentiful things in Russia are Bolshevik and death.

Sap and Salt

By BERT MOSES

When a girl doesn't know what else to do, she fusses with her hair.

The income tax does two things: It collects money and it creates liars.

People who run out of things to kick about can always fall back on their coal bills.

Give a man something for nothing, and he will always ask for more on the same terms.

Hez Heck says: "When it comes to reforming women's bathing suits the unlift plan won't work".

Sleep is an inspiring subject to poets, but none of them seem to say much about snoring.

Sons and daughter who have everything done for them seldom do much of anything for themselves.

the bill with the amendments actually is the law.

If the Governor decides not to go on with such a case because of scant legal basis, it is said that he will figure on the cost of a special session of the legislature to iron out the complications. A one-day session of the legislature to iron out more than \$10,000. As it is, it has been estimated that the lack of harmony between the Beardsley law and the county unit law will cost taxpayers between \$100,000 and \$150,000 a year.

Digest of New Indiana Laws

By Charles Kettleborough.

FREE EMPLOYMENT — The free employment service law became effective on March 15. The work is in charge of a board of seven members known as an employment commission appointed by the governor, two of whom represent employees, two represent employers, two represent the state at large and the director who is to be a trained and experienced man. The employment service is divided into a men's, woman's farm labor, soldiers and sailors' and union sections. It is the duty of the employment commission to conduct free employment offices throughout the state, to adopt means to avoid unemployment, to extend vocational guidance, to help rehabilitation of soldiers and to cooperate with cities and towns and the federal government in carrying on the work of employment.

+St. Mary's Catholic church — the Rev. M. W. Lyons, pastor. Holy Week program, Palm Sunday, Masses at 8 and 10 a.m. Distribution of Palms before High Mass. NOTICE

Of the Filing of a Petition for the Improvement of a Highway in Rush County, State of Indiana.

In the Matter of the Petition of Samuel D. Kirkpatrick et al. for the Improvement of a Highway, under the County Unit Road Act, in Rush County, Indiana.

Notice is hereby given that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said County, and praying for the improvement of a highway wholly in said County, was filed in the office of the Auditor of said County on the 3rd day of April, 1919, and the said Auditor then and there designated by endorsement thereon the 26th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition, as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an Act of the General Assembly of the State of Indiana, approved March 11, 1919, known as the County Unit Law, that the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor in accordance with the provisions of said act; that the beginning, course and terminus of the proposed road and improvement are as follows:

Beginning at the southwest corner of Section 29, Township 14 North, Range 10 East, said point being the northern terminus of what is known as the John H. Power et al. proposed improved concrete highway, and running thence north over an existing highway on the line dividing Sections 19 and 20, 18 and 17, and 7 and 8, to the northwest corner of the west half of the southwest quarter of Section 8, Township 14 North, Range 10 East; thence west along and over existing highway on the line dividing the east half of the northeast quarter of Section 7, Township 14 North, Range 10 East, from the east half of the southeast quarter of Section 7, thence north over existing highway to the north line of said Section 7, thence west along existing highway to the north line of said Section 7, to the middle line of said section, north and south, thence north over existing highway on the middle line of Section 6, Township 14 North, Range 10 East, and Sections 31, 30 and 19 to the north line of said Section 19, all in Township 15 North, Range aforesaid, said last named point being at a point in said highway known as "Center." Thence north over existing highway on the center line of Section 18, and to a point on the center line of Section 7 about one-third the distance across said Section 7, said Sections 7 and 18 being in Township 15 North, Range 10 East, thence in a northwesterly and westwardly direction to the west line of said section 7, along an existing highway, thence north along an existing highway on the west line of said Sections 7 and 6, Township and Range aforesaid, to the northwest corner of said Section 6 and to the County line running between the Counties of Rush and Henry, State of Indiana.

That said petitioners recommend that the highway be made forty feet in width; that said highway, throughout the course of the proposed improvement, be paved with cement, or continuous concrete, to the width of eighteen feet, with sufficient berms and ditches at each side thereof, and with such culverts and bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 26th day of April, 1919, at 10 o'clock in the forenoon or as soon thereafter as the same can be heard, at a regular session of said Board at its office in the Court House of said County, the said petition will be presented to said Board and a hearing had thereon, and that any interested party may appear at such hearing and show cause why the re-

quest prayed for in the petition shall not be granted.

Witness Whereof, I, William H. McMillin, Auditor of said county, have signed the above and foregoing notice and affixed thereto the seal of said county, this, the 4th day of April, 1919.

(Seal) WM. H. McMILLIN,
Apr 4-11 Auditor Rush County, Ind.

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush county, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway, 5863 feet in length, in said county by grading, draining and paving with crushed stone, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, and under the laws of the State of Indiana. Said sealed proposals will be open and the contract awarded for said improvement on the 26th day of April, 1919.

Bids or proposals will be received up to two o'clock p. m. on said date.

The said road to be improved is located in Richland township, in Rush county, Indiana, and is to be known as the Gabe Hildreth road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to twice the amount of the bid filed for the work bid on to be approved by the board of commissioners of said county.

Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who may suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished to any such contractor or contractors or to any such contractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County.

WM. H. McMILLIN,
Auditor

METHOD OF TREATING OAT SMUT AVAILABLE

May be Had by Calling at the Office of Marion Detrick, Rush County, Agent.

DRY METHOD BELIEVED BEST

Cards giving the methods of treating oats for smut by both the wet and dry method can be had by calling at the county Agent's office. During the past year the dry method was used with great success.

"This method is to be highly recommended because of the simplicity and ease of the treatment", according to Marion Detrick. "The dry method consists in spraying one pint of 40 per cent formaldehyde which has been mixed with one pint of water on 50 bushels of oats with a small hand atomizer sprayer, and covering the oats for five hours with sacks, blankets or canvas. The oats must be shoveled over as the spray is applied to make sure that the formaldehyde is distributed through the oats. After the oats are uncovered, they are spread out to permit the escape of the formaldehyde gas.

"On the average 12 percent of the oats are lost by smut. In other words by treating the seed the yield can be increased by approximately 5 bushels per acre.

"The cost of treatment including labor should not exceed 7 cents per acre. No greater profits can be made on the farm than by treating oats for smut, unless it is testing seed corn."

NOTICE OF SPECIAL MEETING COUNTY COUNCIL.

Notice is hereby given that there will be a special meeting of the County Council of Rush County in the Auditor's office in Rushville on FRIDAY, APRIL 18th, 1919, to consider appropriations that may be asked for.

leigh. The afternoon was spent socially over the various needlework at the close of which dainty refreshments were served. The next meeting will be held at the home of Mrs. John Crayton, north of Fallmouth, on Wednesday afternoon, April 23.

One of the most instructive meetings of the Woman's Home Missionary Society of the M. E. church was held yesterday afternoon at the home of Mrs. Herbert Flint in North Perkins street. The subjects for discussion were "What to do With Our Money" and "Our Pledge." Papers on this subject were read by Mrs. Flint, Mrs. E. B. Poundstone and Mrs. John Jordan. At the close of the afternoon the hostess served light refreshments.

* * *

The C. W. B. M. of Sexton met with Mrs. Ida Winkler with Mrs. John Weiss as leader, yesterday afternoon. The program was as follows: Scripture reading and prayer by leader; bible study, Mrs. Orville Porter; reading by Mrs. Grace Winkler; prayer, Mrs. Fred Oldham; hidden answers, Mrs. Carroll Clifton. There were five members present and seven visitors. Light refreshments were served at the close of the meeting.

* * *

Mrs. Albert Winship entertained the members of the Happy-Go-Lucky club and several guests yesterday afternoon at her home in North Main street. The afternoon was spent socially and a dainty luncheon was served to the members that were present and the following guests: Mrs. Bert Mullin, Mrs. Chase Mauzy, Mrs. John Morris, Mrs. Fred Beale, Miss Lucy Inlow, Mrs. Emma Taft, Mrs. Sallie Guffin, Mrs. Happy Dill, Mrs. Lon Haydon, Mr. and Mrs. Lawrence Miller, Mr. and Mrs. Willard Amos, Mr. and Mrs. Bert Davidson, Mr. and Mrs. Vincent Young, Melvin Moore and Mrs. Eunice Moore.

* * *

The Ladies Musical held their regular monthly meeting yesterday afternoon at the M. E. church, with Mrs. Albert Aldridge and Mrs. Joe Clark as leaders. The program, which consisted of English and Italian Music, was as follows: Piano solo, "Spring Song," by Sinding, Anna Poundstone; violin solo, (a) "Scherzo" by Goens, (b) "Indian Lament" by Dvorak-Kriesler, Leona

Ruptured 21 Years
Finds Relief At Last

This is the experience of Mr. Theo. C. Jarvis, 320 W. Fifth St., Rushville, Ind., well known Interior Decorator. Mr. Jarvis had tried every kind of truss he could hear of without the slightest benefit. His double rupture became steadily worse. Finally he found something that really helped him, something that promises speedy relief. He feels so grateful that he wants every ruptured person to know about his discovery. Mr. Jarvis has nothing to sell. He simply wants to help other sufferers. Call at his home or write him and he will gladly give you the benefit of his experience and will not charge you a penny.

"The intimate article of dress known as the corset which the majority of women wear but know very little about"

Alice S. Cutler, M. D.

In this pertinent way the well-known medical authority, Alice S. Cutler, M. D., describes the most important garment in the wardrobe of women.

"Buy your corset carefully," warns Dr. Cutler. "No one wants to be ill, and when women realize that the constant wearing of an ill-fitting corset helps to keep our hospitals open they will insist on being properly fitted to corsets instead of buying them hit or miss."

We unreservedly recommend Gossard Corsets, the original front-lacing corsets, as the complete expression of modern corsetry. Every Gossard Corset is hygienically correct. If properly fitted to the figure for which it was designed, and carefully adjusted each time it is worn, it will mould that

Wear Gossard
CORSETS
They Lace In Front

figure to the ideal proportions of its type. It will give a priceless all-day comfort. It will safeguard the wearer against those bodily ailments that are often the result of improper corsetry. It will render a wearing service that alone is worth the price paid for the garment.

If possible, the new Spring and Summer Gossards are superior to those of the past season, which were generally acknowledged to be without equal in meeting the needs of active womanhood from the standpoint of comfort, hygiene, wear and figure improvement.

Our highly specialized fitted service reflects our sincere appreciation of the important relation a correctly fitted corset bears to your health, and to that perfect figure poise that gives the elusive charm of style.

RED CROSSERS ARE READY FOR A SEIGE

Revolution Can't Starve out the
American Red Cross Workers in
Berlin.

PREPARED FOR EMERGENCY.

Berlin, Mar. 20. (By Mail.)—A revolution can't starve out the American Red Cross workers in Berlin. They are prepared for any emergency that will not last over a week or ten days. In Berlin revolutions do not last longer than that.

The Red Cross mission, made up of both men and women, is headed by Col. Carl Taylor of New York, and was sent to Berlin and to the camps to render surgical and medical aid to the half million neglected Russians interned in Germany, and give them clothing and other necessary articles. These Russians have been treated like animals by the Germans.

Supplies come in from Copenhagen, and are distributed from Berlin to the different camps. At present only Americans are doing the work. British, French and Italian missions will assist soon.

Col. Taylor, and his assistant, Col. Edward W. Ryan, have established headquarters in the old American Chamber of Commerce. The personnel lives in the Palace Hotel. Food supplies have been distributed in both places and in a warehouse, so that in case of an outbreak the mission can live without risking machine gun fire.

The Red Cross personnel includes: Capt. H. B. Carter, Quincy, Illinois; Dr. James A. Babbit, Philadelphia; Major Benj. Hodge, Redlands, California; Major R. P. Sherman, Los Angeles; Capt. Wm. W. Dean, St. Paul; H. T. Wagner, Indianapolis; Dr. B. J. Valdes, Manila; Dr. W. H. Lewis, Cincinnati; J. V. Malcolm, Atlanta; Capt. L. Munn, Seattle; L. G. Peterson, and F. W. Pratt, Montgomery, Ala.; M. A. Hardin, Santa Monica, California; S. F. Layton,

Mr. and Mrs. James Mercer and family of New Salem spent Sunday afternoon with Mr. and Mrs. Leslie Miller and family.

Jackson Corner

There were no church services at the East Fork church Sunday on account of sickness in the pastor's family.

Private Lowell Cloud, who has been overseas for ten months, received his discharge from the service at Camp Taylor, Ky., and has returned to his home here.

Mr. and Mrs. Charlie Williams and family and Mr. and Mrs. Oscar Gordon called on Mr. and Mrs. Alfred Gordon Sunday afternoon.

Lloyd Cloud has recovered from an attack of the mumps.

Mr. and Mrs. Will Dobbins were at Connersville Monday, the guests of Mr. and Mrs. Charles Ratliff.

Mr. and Mrs. Cole of Elwood, Ind., were called here the first of this week on account of the serious illness of their granddaughter, Mrs. Frank Kirkham.

Mrs. Olive Manlove and the Misses Flossie and Zula Jackson were called to Milton, Ind., Wednesday on account of the serious illness of Mrs. Ben Knipe.

Mr. and Mrs. Tom Merritt and family took dinner Sunday with Mr. and Mrs. Alva Merritt and family.

Mrs. Sherman Hill and children of Greensfork, visited her parents Mr. and Mrs. Bert Miles Wednesday.

REPRESENTS GRAIN DEALERS

Elmer Hutchinson, of Arlington to Visit Twenty-Eight Cities

Elmer Hutchinson, of Arlington, leaves for Chicago, Sunday night to represent the Grain Dealers National Association together with a representative of the Farmers Cooperative Elevators Association, and one from the Millers Federation, and one from the Council of Grain Exchanges, together with Mr. R. T. Miles of Chicago, representing the Bureau of Markets of the Department of Agriculture, for the purpose of inspecting the Inspection Departments of the various grain centers of the United States, with a view to making recommendations for the more uniform inspection of grain, and the bettering of the supervision carried on by the Department of Agriculture.

These will be in all twenty-eight cities visited from Omaha in the west to Boston in the east and from Duluth and Detroit on the north to New Orleans and Galveston in the south and will take about six weeks to complete the inspection.

IF MOTHERS ONLY KNEW

During these days how many children are complaining of headache, feverishness, stomach troubles and irregular bowels. If mothers only knew what Mother Gray's Sweet Powders would do for their children no family would ever be without them. These powders are so easy and pleasant to take and so effective in their action that mothers who once use them always tell others about them. Sold by druggists everywhere. —(Adv.)

EIGHT PLEAD NOT GUILTY

Shelbyville, Ind., April 10.—Raymond Heck and Nellie Heck, his wife, and six other persons, all of Morristown, entered pleas of not guilty in the Shelby circuit court when arraigned before Judge Alonzo Blair on grand jury indictments charging them with perjury.

INSPECTOR COMING

Rushville Council No. 41 will meet Friday evening, for the purpose of conferring the degree. John J. Glendenning, grand inspector, will be present for his annual visit.

Two cabbage heads are better than one, and twenty are better still. A warm, rich soil is needed for early cabbages.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like.

At 10c and 25c per box. All druggists,

EASTER—GLAD—EASTER

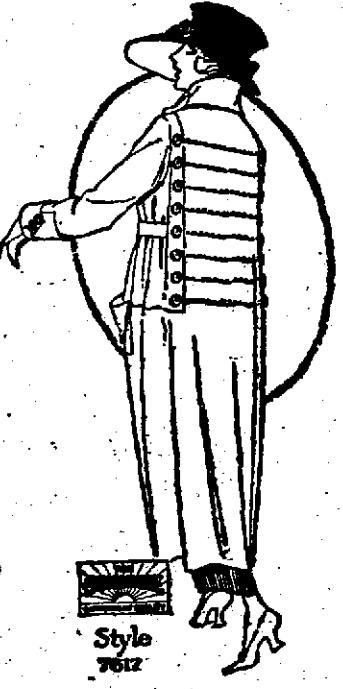

Have you paused to consider that the Easter-tide now approaching cannot fail to be the most glorious in the annals of all history?

Right supercedes error—truth reigns supreme over kultur. Yes, there will be an agreement on the terms of peace. The world's necessity makes that step imperative.

There is no possible escape. It must be done. And now with those wondrous boys in khaki still returning to us, let us indeed and in truth be glad.

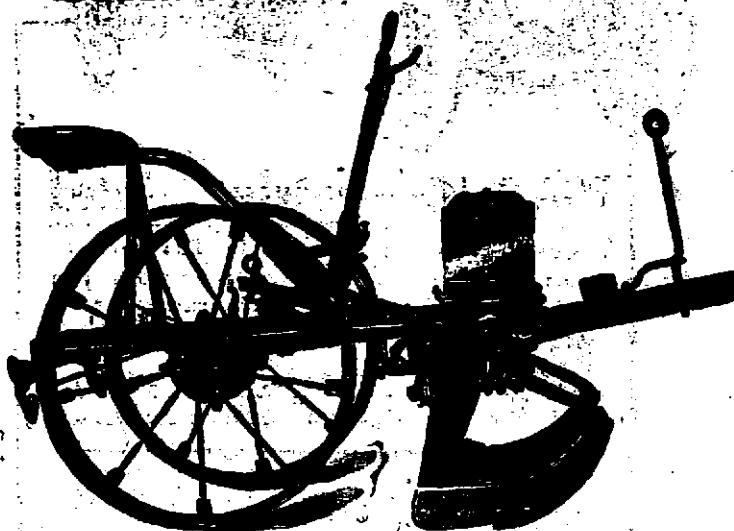

It is truly a fitting time to select that Easter apparel with unusual care. Our very highest degree of service is at your disposal.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

C. H. (Nick) TOMPKINS

COMFORTS AND QUILTS

Before you put away your Comforts and Quilts for the Summer, send them to us to be washed. Let us also wash your heavy Bed Spreads; we bleach out the fringe and return them looking like new.

We wash anything that can be washed in water. We do Family Washing at 7c a pound. Rough dry. We also do Family Washing and iron all the pieces.

TELLS OF THRILLS WHEN SHELLS FLY

MAN WHO SAW WAR ON FOUR FRONTS: ESCAPES DEATH MANY TIMES WHILE SERVING SOLDIERS.

Chicago.—More than 700 Y. M. C. A. workers saw service with the soldiers of the American expeditionary force in the front lines during the last months of the war.

Frank M. Van Epps, seriously wounded while serving as a Y. M. C. A. worker in the Argonne, told of some of his experiences in a talk at the Y. M. C. A. college here.

On the way to France last April on the Oronzo, Van Epps and 58 other "Y" men narrowly escaped drowning when the ship was torpedoed by a German U-boat.

Van Epps was divisional secretary of the Y. M. C. A. outfit. He worked with the Fifth division until the armistice was signed. He was dressed up in a doughboy's uniform when he arrived here. A limp and a kitbag slung over his shoulder containing what is left of his equipment complete his coupure of more than six months' service overseas.

Van Epps saw the war on four fronts in France and Alsace, serving in the first-line trenches on two of them. When the Oronzo was torpedoed on April 29, 60 miles off the coast of Wales, U-boats "got" two out of a convoy of seven steamships. The Oronzo went down in 12 minutes after she was struck, and Van Epps and other "Y" men lost all their baggage. They were picked up by a torpedo-boat destroyer and landed at Hollyhead, Wales.

In Front Line.

In southern and middle Alsace, Van Epps was in the first-line trenches and at St. Mihel, when the drive opened, he became a stretcher bearer after his supplies ran out. Getting word to shift to the Argonne, he traveled all night by train, on trucks and afoot, and spent the next three weeks sleeping in shell holes and trenches when he was not at work.

At Mucedene farm, on October 18, Van Epps and Thomas F. Hadley of Iowa, another Y. M. C. A. man, set up shop in an old barn. All but three of the twenty-five "Y" workers went back to get supplies. The barn had been under shell fire for several days, but Van Epps and Hadley decided it was good enough to sleep in. They made a bed of boxes of jam, with a tub of chewing tobacco for a pillow and lay down.

Half a mile back, an American battery was hammering the Germans, and two German airplanes came over looking for the position. They let go two bombs which landed on each side of the barn. Soon came a third, which struck the roof, bringing down a mass of rafters and beams and scattering shrapnel. A splinter was driven through the calf of one of Hadley's legs and a piece of shell tore through both of Van Epps' thighs.

After dressing stations and field hospitals had finished with them, they spent half a day in an ambulance and then were put aboard a French hospital train, where they remained another two days. One of these days was Sunday, so Van Epps, at the suggestion of some of the doughboys, "put on" a service, conducting it propped up in his stretcher.

Soldiers to Study.

Paris.—With the arrival of General Rees from Washington on detail from the war department to take charge of the army educational work, progress has been rapid along the lines laid down in the program submitted by the Y. M. C. A. army educational commission. Text books required to satisfy the demands of the men for instructions are coming overseas rapidly, according to Prof. John Erskine of Columbia university, chairman of the "Y" commission; post schools are starting up at the rate of 40 to a division and groups of officers and men are being absorbed by French and British universities to the limit of their capacity.

General Praises Y. M. C. A.

Paris.—There are some fools in the Y. M. C. A., according to Brig. Gen. J. P. O'Neill of the Ninetieth division. "Our Y. M. C. A. is everything to be desired," said the general. "Among the employees are some fools. One of them

THE BEST TEST

Is The Test of Time

Years ago E. L. Hinkle of 815 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—says there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp pains in my back radiated to all parts of my body and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

A Business Proposition

By WILL PAYNE

Secretary Glass said the Victory Liberty Loan should appeal to the patriotism of the people of the United States and not be merely a business proposition.

Isn't that so? It was no business proposition that sent two million young Americans to France and made nearly two million more give up their time for more than a year to train for going. This Victory Loan is to pay for equipping them, sending them over, keeping them there and fetching them back. Will you look one of them in the face and say, "As soon as you stopped fighting and I had given you three hearty cheers you became just a business proposition?"

But the loan is a business proposition, too—this way:

You are Uncle Sam—a hundred odd million of you, individually. Says Uncle Sam to himself, "I owe several million dollars—owe it now due and maturing obligations that must be met to the last cent. My credit is practically unlimited. I can borrow that money of the banks. They've got to lend it to me. That will mean a huge inflation of bank credit—bank loans all swollen up with my paper—banks consequently in a poorer condition to take care of the ordinary business of the country."

But if I do borrow the money of the banks I've got to pay them back some time. There are only two ways in which a man can finally get out of debt. One way is to sell some prop-

erty and pay up; the other way is to earn more than he spends, saving the difference. I have no property to sell. Can't sell the White House or the national forests. The second way is the only way for me. "Shall I borrow the money from the banks now and there by put off the real settlement, or shall a hundred million individual Uncle Sams right now save out of their incomes and lend the saving to the collective Uncle Sam, thereby enabling him to pay the bills and wipe the slate, with no inflation, leaving the banks in sound condition to meet the needs of ordinary business?"

That is the question. It is your debt. You owe the money. Finally you've got to pay it in some fashion. To lend it on the banks now is the most expensive way temporally to dispose of it. To save, individually, is the best and cheapest way. Even waiving patriotism, it comes down to a business proposition. Only the savings and subscriptions of the whole public can take care of the loan without inflation.

HELP "FINISH THE JOB."

THE FUN OF SAVING MONEY.

The fun of saving money! Best fun in the world, once you get started. Great game, isn't it where every player wins, always, and no one could possibly lose.

What's the fun consist of? What constitutes the fun of any good game? The planning, the struggle, the contest; the spirit of competition, emulation, excitement; the rush, the climax, the triumph of making goal.

What's the cost, the price of admission? Just the cost of any good game; time, energy, the letting go of nonessentials for the joy of realized ambition and success.

What's the reward? The game and its gaining. The bliss of fighting, climbing, fighting and climbing to win. What's the method? Begin and keep going. Make a start, set a goal and attain it. Start again and make the same goal in shorter period. Set a new and sterner goal and time limit and beat the record again.

Uncle Sam can't be beat as a partner, game credits foot up before you know it, and it doesn't cost much to sit in.

Didn't Know "John Doe."

"I have no idea who this man John Doe can be. My case is being looked into, but my husband's name is Rudolph, dark complexioned, about 6 feet 2," wrote a woman to District Attorney Swanz of New York, when asked to appear against John.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the growing child to come.

There is a splendid preparation women for over half a century have applied before the child's arrival, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of bristly, flat abdominal muscles under the skin of the abdomen. By its regular use during the period of pregnancy, the discomfort is relieved and there is an absence of nausea, heartburn, pain, strain and general discomfort more often than otherwise experienced when nature is invaded.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time at the crisis is shorter and pain and danger naturally avoided.

Write the Great Medical Dispensing Company, 212 Peachtree Street, Atlanta, Georgia, for their Mother's Friend Book and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

Courses in engineering, liberal and fine arts, science, music and the like will be offered. It is expected that one of the four agricultural exhibits which have been prepared by the department of agriculture in co-operation with the Y. M. C. A. will be a permanent feature at Beausejour.

The Y. M. C. A. war work council announced that the cost of the educational program in the A. E. F. had now reached \$700,000 a month. Books and supplies costing \$1,300,000 have been sent overseas. The army pays for the books and distributes them to the soldier students.

To Improve Idle Time. Wherever there are as many as 600 reasonably stationary soldiers, sailors and marines at the base camps or the ports of shipment or with the army of occupation, there will be educational courses supervised by the Y. M. C. A. For those who are to be moved in a few weeks there will be short courses, but there will be something to interest every one.

* * * Operates Hotels. London—Half a dozen London hotels, including the Palace, Cosmo and Grafton, have been taken over by the American Y. M. C. A. and are now in full operation. This addition to the war plant of the "Y" is required by the even more comprehensive period of occupation program which has been set up in the United Kingdom by the Y. M. C. A.

Want American Tables. An American pool table is a great boon to the American soldiers impatiently awaiting orders to leave for home, for somewhere or other they do not take kindly to the model of pool or billiard table which is extinct in Marine England. Hence there never is any rest to the billiard tables in the Y. M. C. A. but in the British Isles.

VOICES CONTEMPT FOR FOE FIGHTERS

REPORTS OF FRATERNIZING BY AMERICAN AND FOE TROOPS DENIED BY RED TRIANGLE WORKER.

Chicago.—Reports of fraternizing of allied and foe troops following the signing of the armistice on the western front are denied in a letter from H. B. Stecher, Racine, Wis., received at the offices of the national war work council, Y. M. C. A., here.

Stecher was a Y. M. C. A. worker attached to the Ninety-first division. He served for more than six months on three fighting fronts—at St. Mihiel, in Flanders and the Argonne. Twice he was cited for bravery and awarded the D. S. C.

Before going to France to serve as a "Y" worker Stecher was associated with the Hamilton Beach Manufacturing company at Racine. Formerly he was member of the California National Guard when he was living in Los Angeles, Cal. His parents, Mr. and Mrs. M. D. Stecher, live in Chicago.

Referring to reports of fraternizing of the troops Stecher says: "Certainly there was no attempt or desire on the part of the men of our division to fraternize with our much-despised opponents, and had there been, the officers would not have permitted it. As a matter of fact the guns were going right up to the time the armistice went into effect. You see, our boys have had a mighty good chance to size up the caliber of the other side, and had the Germans shown any indications of good sportsmanship in the fighting no doubt we would feel some little respect for them. Having been a doughboy myself in the past, and now having gone through all the fighting with my division, I believe my viewpoint is the same as that of the majority of our division, and, personally, I have the utmost contempt for the German soldier, his methods and his ideals."

MAJOR GENERAL PRAISES SERVICE OFFERED BY "Y"

Spread upon the records of the Third division, A. E. F., and just brought to the attention of the national war work council of the Y. M. C. A., is a general order issued by command of Major General Dickman, which "Y" officials have hailed as an emphatic answer to charges that Red Triangle workers had avoided the danger zones in France and had wrung exorbitant prices from the soldiers for the comforts which the association had sent overseas. General Dickman directed that a copy of the order be sent to every one of the thirty-four men and six women who went with the division through the fighting of Chateau-Thierry and along the Marne, to St. Mihiel, and later into action north of Verdun and along the Meuse.

The Y. M. C. A. has made public General Dickman's order along with a communication from Col. J. C. Rhea of another division which was in the St. Mihiel fighting. Colonel Rhea gave figures showing the large amount of supplies which were distributed in his division by "Y" secretaries without charge.

GREAT EDUCATIONAL PROGRAM PLANNED

Paris.—General Pershing has signed an order establishing an American Army university in France to accommodate 15,000 to 20,000 soldier students. The school will be opened at Beausejour. At the same time the main office of the Y. M. C. A. army educational commission will be moved from Paris to Beausejour.

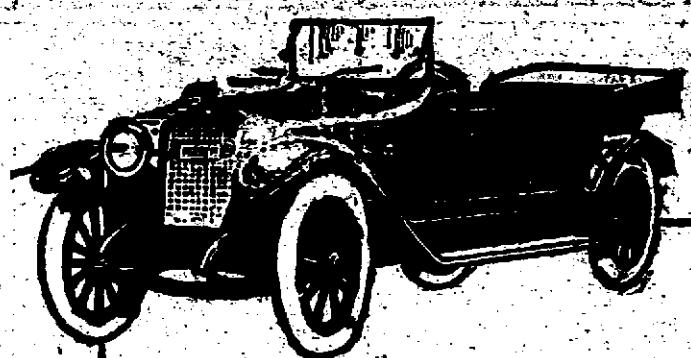

Courses in engineering, liberal and fine arts, science, music and the like will be offered. It is expected that one of the four agricultural exhibits which have been prepared by the department of agriculture in co-operation with the Y. M. C. A. will be a permanent feature at Beausejour.

The Y. M. C. A. war work council announced that the cost of the educational program in the A. E. F. had now reached \$700,000 a month. Books and supplies costing \$1,300,000 have been sent overseas. The army pays for the books and distributes them to the soldier students.

To Improve Idle Time. Wherever there are as many as 600 reasonably stationary soldiers, sailors and marines at the base camps or the ports of shipment or with the army of occupation, there will be educational courses supervised by the Y. M. C. A. For those who are to be moved in a few weeks there will be short courses, but there will be something to interest every one.

* * * Operates Hotels. London—Half a dozen London hotels, including the Palace, Cosmo and Grafton, have been taken over by the American Y. M. C. A. and are now in full operation. This addition to the war plant of the "Y" is required by the even more comprehensive period of occupation program which has been set up in the United Kingdom by the Y. M. C. A.

Want American Tables. An American pool table is a great boon to the American soldiers impatiently awaiting orders to leave for home, for somewhere or other they do not take kindly to the model of pool or billiard table which is extinct in Marine England. Hence there never is any rest to the billiard tables in the Y. M. C. A. but in the British Isles.

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do. If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and search far and near, and you cannot find a blood remedy that approaches S. S. S. for real efficiency.

the proper treatment is through the blood. S. S. S. has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. C, Atlanta, Ga.

A tractor that will fit your farm—the Fordson

YOU can make your farm produce more—at less cost—and with less effort on your part—by using the Fordson tractor. Not only will it help you prepare your land and cultivate the crops, but it furnishes power for many other farm jobs.

The Fordson tractor is the result of long study of farming conditions and it has proved a success. Burns kerosene—easy to operate and care for—practically trouble-proof.

There's an Oliver No. 7 Plow for your Fordson

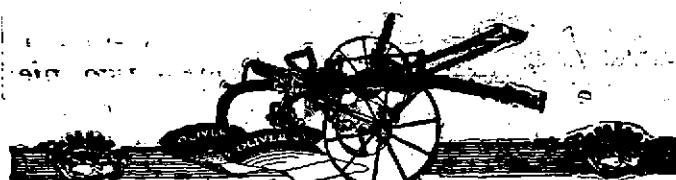

Just as the Fordson tractor gives ideal power, the Oliver plow means ideal plowing. It is scientifically designed for tractor service—and is backed by a half century of experience in making plows. It buries all trash and weeds at the bottom of the furrow—maintains an even depth of furrow—and is controlled from the tractor seat.

Come in and let us show you this remarkable farm team.

The Monarch Kruse and Dewenter Annealed Steel Warm Air Furnace

The accompanying cut represents our "MONARCH & PORTABLE FURNACE." This furnace is designed as a strictly first class furnace in every respect and as a portable furnace is superior to any of its kind. It is readily seen from the engraving that the furnace has a very large radiating surface. The radiator is made upon an entirely new plan having reversible flues, the smoke and heat passing through two openings each side and down to the base of the radiator and then back again to the top before entering the smoke flue, thereby preventing a loss of heat. The furnace is constructed throughout of annealed steel plates and is absolutely gas-tight in every part. The fire box is lined with fire clay tile lining. It burns anthracite and soft coal, coke, wood and natural gas. In use over 35 years. Sold and installed by

Walter Perkins

With 22 years of practical experience in warm air heating, why take a chance on a furnace with a cast iron fire pot installed by some one who knows little or nothing of warm air heating when you can get the best at a less price than you are asked for a cast iron furnace.

SERVICE IN BROAD SENSE IS PLANNED BY RURAL PROGRAM

Old-Time "Country Parson" Is Passing.

Centenary Survey Emphasizes That Church Must Minister to All Phases of Every Day Ru- ral Life.

Saving children from infantile pa-
ralysis, hogs from hog cholera and
crops from insect pests are "church
services."

So the new church, the regenerated
church of the reconstruction period,
understands "service" in the rural
districts of America.

The old-time "country parson" is
passing.

In his stead comes the man who
knows what to do not only with a
Bible and a hymn book, but with a
potato bug, a family quarrel, a bad
road and a shortage of seed corn.

The church as a factor in the so-
cial, political and economic life of
the rural district; religion as prac-
tical as well as spiritual service, are

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of
Over-Indulgence in Tobacco or
Alcohol or by Excess of Any Kind,
Bio-Feren is What You Need
Right Away.

Don't grow old before your
time, don't let nervousness wreck
your happiness or chances in life.
The man with strong, steady
nerves is full of vigor, energy,
ambition and confidence.

You can have nerves of steel,
firm step, new courage and keen
mind by putting your blood and
nerves in first-class shape with
mighty Bio-Feren, a new discov-
ery, inexpensive and efficient.

Men and women who get up so
tired in the morning that they
have to drag themselves to their
daily labor will in just a few days
arise with clear mind, definite
purpose and loads of ambition.

All you have to do is to take
two Bio-Feren tablets after each
meal and one at bedtime—7 a day
for 7 days—then reduce to one
after each meal until all are gone.

Then if your energy and endur-
ance haven't doubled, if your
mind isn't keener and eyes
brighter, if you don't feel twice
as ambitious as before, any drug-
gist anywhere will return—the
purchase price—gladly and freely.

Bio-Feren is without doubt the
grandest remedy for nervous, run-
down, weak, anaemic men and
women ever offered and is not
at all expensive. All druggists
in this city and vicinity have a
supply on hand—sell many pack-
ages.

FASCINATING TEETH

How Every Woman Can Quick-
ly Charm Her Friends With
Lovely Teeth,
Clean, White and Brilliant

If you want the cleanest of
white teeth and healthy gums
free from disease, an easy and
quick way to get both is to use
a tooth paste so effective and per-
fect that astonishing results usually
come in a week's time.

And the cost is so little. Just
go to any drug or department
store, and get a large tube of
SENRECO TOOTH PASTE for
35 cents.

Not only will it make your
teeth clean and white, but it will
at once remove any filmy coating,
help to check the ravages of
pyorrhea and banish acidity in
the mouth.

It is used by thousands of
dentists and its sale has been re-
markable. When you visit your
dentist, which you should do at
least twice a year, ask him about
SENRECO. It's a most delightful
and refreshing tooth paste.

Public Sale Dates

If you contemplate holding a sale I
will appreciate your date as soon as
possible as you will note by this ad
that I am constantly giving your sale
that same broad advertising that I
have always given in the past.

not experiments. The new church and the new pastor have proved themselves and found themselves at the same time.

Take the story of Lakeville, Holmes county, Ohio.

Fresh from his theological studies, Charles M. McConnell went to Lakeville five years ago as pastor of the Methodist church there.

McConnell was sent to Lakeville because the Methodist board of Sunday schools chose it as the least promising "charge" they could find. And the board wanted to experiment.

The new pastor found a moribund church and an epidemic of hog cholera. McConnell preached dynamic sermons. But he did not neglect to send to the State University for cholera serum.

Two members of the church met some boys later, and conversation veered to the pastor. One was dubious about his theology.

"I don't know about his theology," said the other, "but I do know that he saved my hogs. I'm for him."

An old church building was for sale at Killbuck, 23 miles away. McConnell bought it in at auction for \$448, hauled it to Lakeville, and in December it was dedicated to the boys at the Lakeville Memorial Hall, to the boys

METHODIST CENTENARY RURAL CHURCH PROGRAM.

Better rural churches.

Establishment of effective training schools for rural church leadership.

A nation-wide educational campaign to increase the efficiency of the ministry now in service.

This is how the Methodist church proposes to rehabilitate rural churches in this gigantic five-year Centenary program.

who went into service. This was the first rural memorial hall dedicated anywhere in the United States.

In the hall is a standard motion picture outfit. McConnell and two of his members bought it, projector, seats and all, for \$1,100, on their own responsibility. Pictures are shown every Saturday night.

The farmers were losing money through ignorance of modern agricultural methods. McConnell arranged with the State University for a series of farmers' institutes.

The institutes were held in the church. Better orchards, better cattle, better crops, were the result.

Through the country are the ruins of abandoned rural churches. The Lakeville church flourishes. But rural churches can not retain McConells at existing rural church salaries. That is the Gordian knot which the Centenary program for American rural communities is planned to cut.

In the next five years nearly \$11,000,000 of the \$115,000,000 funds provided for in the world reconstruction program of the Methodist Centenary will be spent to put such a man in every rural center in the country. In the Cincinnati area of the Methodist Missionary Centenary (Ohio, southern Indiana and Kentucky) almost one-half million will be spent by the Centenary out of the total of more than two times that sum called for by the survey.

TO AID VICTORY LOAN

Methodist Centenary Forces Are to Aid Government in Its Big Drive.

The machinery of the great Methodist Missionary Centenary movement is to aid the government in its Victory Liberty Loan campaign. Originally the intensive drive of the \$115,000,000 church campaign was scheduled for dates now included in the loan dates, but as soon as the dates for this loan were fixed, the Centenary officials sent word to Secretary of the Treasury, Mr. Glass, offering the services of the Centenary forces in putting over the government campaign first. This will put at the disposal of the government the aid of one of the greatest church organizations ever formed in America. The church intensive drive will follow from May 18 to 25.

AMERICA'S IMMORTALS

HAROLD A. FURLONG,
First Lieutenant, Company M,
353rd Infantry.

Lieut. Furlong won the distinguished service cross for bravery in action near Bantville, France, November 1, 1918. Immediately after the opening of the attack in the Bois de Bantville, when his company was held up by severe machine gun fire from the front, which killed his company commander and several soldiers, Lieut. Furlong moved out in advance of the line with great courage and coolness, crossing an open space several hundred yards wide. Taking up a position behind the line of machine guns, he closed in on them, one at a time, killing a number of the enemy with his rifle, putting four machine gun nests out of action, and driving twenty German prisoners into our lines. Lieut. Furlong's home is at 2850 West Grand boulevard, Detroit, Mich.

Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sour and ferments and, passing into the intestines, becomes a breeding place for countless millions of deadly germ-toxic poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and energy, robs them of their vigor and vitality. Biliousness, bad liver, nervousness, blinding, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common source—an acid-stomach.

Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; disgusting, belching, food-repeating; sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any

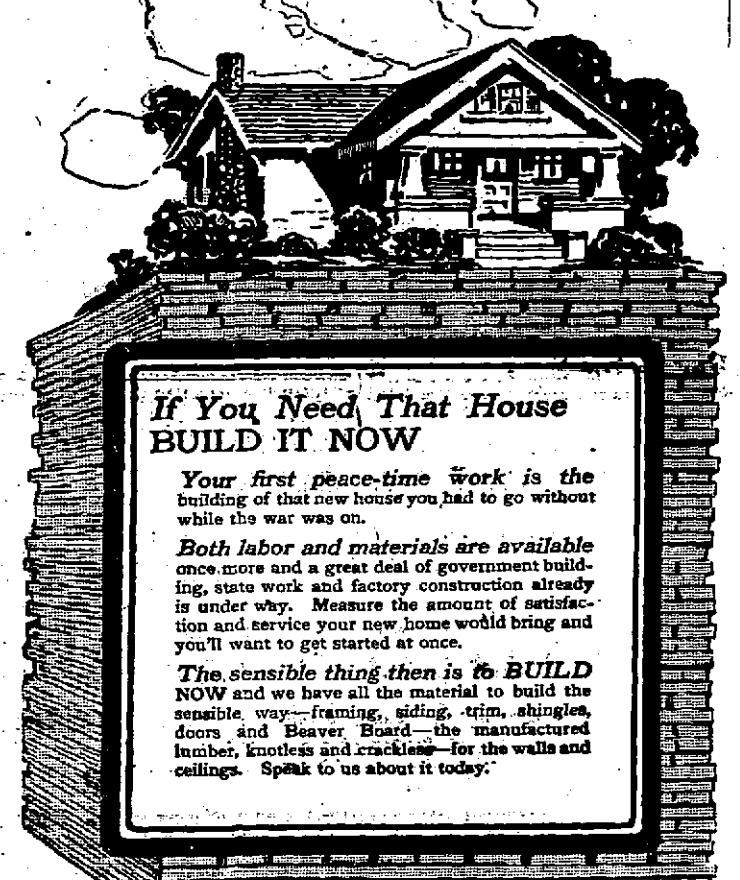

way connected with the stomach. Pleasant tasting EATONIC TABLETS let you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess, hurtful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy without it!

If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today, it costs but little and the results are wonderful!

EATONIC FOR YOUR ACID-STOMACH

BUILD IT NOW

If You Need That House BUILD IT NOW

Your first peace-time work is the building of that new house you had to go without while the war was on.

Both labor and materials are available once more and a great deal of government building, state work and factory construction already is under way. Measure the amount of satisfaction and service your new home will bring and you'll want to get started at once.

The sensible thing then is to BUILD NOW and we have all the material to build the sensible way—framing, siding, trim, shingles, doors and Beaver Board—the manufactured lumber, knotless and crackless—for the walls and ceilings. Speak to us about it today.

Pinnell & Tompkins Lbr. Co.

Buick - Chevrolet

Valve-in-Head Motor

Valve-in-head motor is the direct application of power type. Gasoline vapor is introduced directly into the cylinder head and is exploded flatly against the piston head, just like a hammer striking a nail squarely on the head. Every bit of power from the explosion is utilized to turn the fly wheel. Absolutely no waste. In all other types of motors the gasoline is introduced into a side chamber where it is exploded. The force travels "around the corners" to the piston head and a loss in power results.

Farms for Sale 4

183 ACRES—one mile from Oxford, Ohio, Miami University, Ohio State Normal College and the Western and Oxford colleges for women, 14 miles from Hamilton, the county seat, with a population of 40,000; 39 miles north of Cincinnati, Ohio, and 84 miles southwest of Indianapolis, Ind. Oxford has a population of 2,500 and a fine market for anything produced on the farm. This farm has a good new frame house of 6 rooms and basement, large barn and numerous farm buildings.

The soil is deep and productive, turns as loose as ashes, never burns up or drowns out. No hills most of it just rolling enough to drain; about 20 acres of timber, plenty of water, clear of all floods.

Now, this is the landlord's proposition as a paying investment properly handled from \$7,000 to \$10,000 annually.

This farm is fine for corn, wheat, oats, hay and alfalfa.

Now, we are selling this farm to divide up among the owners and are pricing it low to sell at \$140 per acre, will produce as well as this \$300 land. Buy it and do as we are, let the other fellow do the work. Not for trade. No agent need apply as we will do the selling. NORMAN L. ARISTEAD, Oxford, Ohio. 2511

FARM—of 128 acres close to Oxford, Ohio. All good improvements under good fence. About 65 acres of black land, rest a rich clay loam, on good pine, price \$140 per acre. Now the purchaser of either of these farms in April gets the one half of all grain crop. Norman L. Aristead, Oxford, O. 2511

FOR SALE—40 acres in Rush Co. Good 7 room house and good barn, well fenced. Located on good road, a fine little farm. W. P. Elder, Rushville. 2066

FOR SALE—Good Rush Co. farm, 164 acres, 21 miles from Rushville. Under good state of cultivation and well improved and natural gas. Possession Sept. 1, 1919. W. P. Elder, Rushville. 2066

NEWSPAPER EDITORS
MEETING IN CHICAGO

Called by Victory Loan Committee
to Take up Matter of Publicity
For Victory Issue

GEN. WOOD TO GIVE ADDRESS

Chicago, April 11.—Editors and executives of Indiana newspapers came to Chicago today to take up matters pertaining to publicity for the Victory Loan. The meeting was called by the Victory Loan committee of the Seventh Federal Reserve district and all expenses of the newspapermen are to be paid by the government.

The forenoon was to be taken up in state group meetings with a general conference following. At 12:30 there was to be a buffet luncheon. There will be a theatrical entertainment at the Auditorium tonight.

General Leonard Wood, of the United States Army, and Frank Wilson, director of publicity for the national war loan organization will be the headliners at the Indiana editors' conference.

Other speakers will include G. T. Christie, assistant to the secretary of agriculture, Washington, D. C., Kin Hubbard, Indianapolis, better known as "Abe Martin," John T. McCutcheon, the celebrated Chicago cartoonist, and S. Duncan Clark, a prominent editor of Chicago. Will H. Wade, director of sales for Indiana will tell the newspaper men something of the task planned for the state during the next six or eight weeks, or until the entire allotment has been subscribed, and Indiana has wiped clean her slate of financial obligations to the federal government, in connection with the war.

Walter S. Greenough, director of publicity for Indiana in the Victory Loan campaign, will preside over the Indiana conference.

Legal notices will be found on page 5 today.

STOCKHOLDERS MEETING

The annual meeting of the Stockholders of the Rushville Natural Gas Company will be held in their office in Rushville, Ind., on Thursday, April 24, 1919, at 2 o'clock p. m. for the election of six (6) Directors to serve for one year from that date; and for such other business as may properly come before them at that time. THEO H. REED, Sec'y.

FOOD FOR GERMANS IS VAST PROBLEM

Owing to Underground Traffic Best Experts do Not Know How Situation Stands.

PREPARED FOR EMERGENCIES

Majority of Population Gets Practically Everything in Germany on The Sly.

By FRANK J. TAYLOR.

(U. P. Staff Correspondent.)

Gebi! Here my back aches! After infections or colds the kidneys are often affected—called "nephritis," or inflammation of the kidneys. This is the red-tinge of danger—better be wise and check the further程度 of kidney disease by obtaining that wonderful new discovery of Dr. Pierce's known as "Anuric" (anti-nephritis), because "Anuric" expels the uric acid poison from the body and eases those pains, such as backache, rheumatism in muscles and joints.

Naturally when the kidneys are damaged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in beak-like formations.

Dr. Pierce's Anuric is many times more potent than lithia and often eliminates uric acid as hot tea melts sugar.

German, Indiana.—"For many years I have been a great sufferer with kidney trouble and rheumatic pains through my hips, extending down into my knees. At times I would be so stiff I could not get up or down. I had scalding urine; it would be very dark colored, and there would always be a sediment in it. I also had difficulty in voiding, only a little at a time, and then only with great pain. I have taken many remedies with little or no relief. Quite recently I learned of 'Anuric' and began taking it. I have hardly taken one bottle but I am much improved. I have no scalding, excretion comes with ease and comfort and the color is perfectly normal. I am feeling much better in every way than I have for some time past. I am sure I have found the right medicine in 'Anuric.' "—Wm. Barker, 410 North 4th Street.

Ask to Hear it at Boxley's—The Record Shop

BOXLEY'S PIANO STORE

Authorities were trying to deceive the world. On the contrary, they were probably honest as far as they knew. But it does demonstrate how little anyone knows as to the actual amount of food in Germany. Nor does this indicate that there is enough food, or that Germany does not need more.

During the last two months food has come from many sources in small quantities, but in an aggregate large enough to keep the market good for those who have money, or know how to get supplies. It is not sold in the open market, where cards are required to get what you want to buy. But no one who can afford to live depends upon what could get in the honest and lawful way by means of cards; I would starve, that is all," is a statement you hear often, especially in Berlin.

How the "schleichhandel" merchant plies his trade in the suburbs was told by a cultured, well-to-do woman, who answered the maid's request to see a "gentleman who had something very personal and confidential to talk about." He had a side of beef to sell and half a sack of white flour, which he had smuggled in from the country. The woman, who would have disdained such a call during the first three years of the war, said apologetically, "You have to come to it, or else be hungry. Since everybody does it, we have to."

There were and still are thousands of "schleichhandel" artists who make it a practice to go to small country towns, but what they can carry, and bring it to cities to sell at exorbitant prices. In many small towns, guards have been stationed in depots to search the baggage of those taking trains, especially suspicious characters. The result was usually not the prevention of food leaving those stations, but the increase of prices of "schleichhandel" goods. The merchants added so much to the exorbitant prices as "fees for good inspectors" bribery, if you want to call it that, but a lot of people are susceptible to it in Germany these hard times.

"Schleichhandel" obviously can thrive only when there is food in certain regions, and in considerable quantity. In the country districts there is considerable. Weimar, for example, was helped by the Government when the assembly was there on the theory that Weimar could not feed the two or three thousand guests it would have for several weeks. As a matter of fact, Weimar and the regions around it had plenty of food, and the extra supplies caused a plenty that could not be equaled anywhere in Europe.

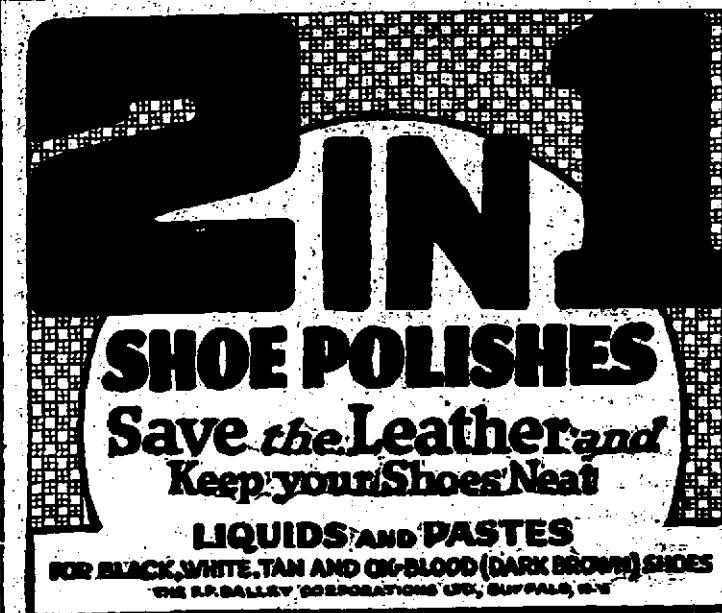

Smaller in northern country provinces of Germany, there is a quan-

titate of foods, but the people do not want to exchange it for paper money. This is the principal trouble in many country districts. The farming people shrewdly figure that food is a lot more valuable than paper money. When credit and business become normal, food will come out voluntarily, as it is doing so already; under the stimulation of high prices and the "schleichhandel" artists.

But it is dear, far too dear for the poor, and the aged, and the sick, and for workmen's families with a num-

ber of children. This class is suffering for all Germany's sins, and is continually hungry and desperate. The allowances of food the poor get on their cards are insufficient and of mediocre quality in cities like Berlin. The mortality is high in this class, and for them Germany does not need food from the outside world, food which the Government can control and distribute where it belongs, rather than sell prevailing high prices.

When you have cattle and hogs to sell call H. A. KRAMER. 1512
